Stainless Steel Washers

As the professional manufacture, we would like to provide you high quality Eight® Stainless Steel Washers. We will always adhere to the principle of "quality first, client first," and we cordially invite customers to visit us for consultation.

As the professional manufacture, we would like to provide you high quality Eight® Stainless Steel Washers. Our products have a good quality&price advantage and cover most of the European and American markets. We look forward to becoming your long-term partner in China.

Introduction to Stainless Steel Washers:

1. Complete specifications, stable sealing performance and high temperature resistance;
2. Solid copper gaskets have outstanding effects in vacuum flanges;
3. The softness of the copper gasket can fill the uneven surface of the flange;
4. Copper gaskets are easy to process and can be produced in any specification and type.

The solid copper gasket is processed by mechanical cutting, and its excellent softness can fill the uneven parts of the flange surface. Wide application temperature range and low leakage. We provide various specifications and types of solid copper gaskets, and choose different copper products to manufacture gaskets according to customer requirements, such as: red copper, brass, etc.

Copper gasket performance:

Use temperature: about 500℃, melting point: 1083℃, hardness: before quenching≥60HB, after quenching≤45HB

Gasket Tolerance:

1. Outer diameter: +0.0 ~-0.1;
2. Inner diameter: +/-0.1;
3. Thickness: +/-0.1.

Product Information for Stainless Steel Washers:

Product Category:	Copper Ring Copper Sealing Gasket
	Corrosion-resistant Copper Washers
	Brass Compression Tube Pipe Fitting Connector
	Spiral Wound Metal Gasket
	Metal Galvanized Silver Steel Flat Washer
	Brass Cartridges Gasket Kit
	Brass Flat Washers
	Heat Resistant Flat Silicone Sealing Gasket
	Solid Copper Sealing Flat Washer
	Stainless steel washers
	Stainless Steel Gasket
	Twisting copper washers
	Twisting copper stopper
	Pagoda Type Male Connector

size:	custom made
Precision:	±0.001MM
Product material (optional):	copper, stainless steel
Machining Type:	turning

Product advantages of Stainless Steel Washers:

1. Made of copper, corrosion-resistant, anti-oxidative, waterproof and rust-resistant, the surface is shiny, and it is still bright as new after long-term use;
2. The force of the processing machine is uniform, and the surface of the washer is smooth and free of burrs;
3. Non-standard customization, complete specifications: can be customized according to drawings and samples to meet different market needs.

Support customization:

Size customization	Printing LOGO	Material selection
Craft production	Free design	Small batch customization
Surface treatment: Screen printing, electroplating, polishing, oxidation, sandblasting, wire drawing, laser engraving, baking paint		
Application areas: Auto parts, smart home appliances, security intelligence, aviation and military industry, digital office, medical equipment, electronic instruments, drones, etc.

FAQ

Q:1. Are you a trader or a manufacturer?

A:We are a professional manufacturer of customized hardware parts processing and CNC processing, with our own production factory and 15 years of production experience.

Q:2. How do we guarantee the quality?

A:1. Always pre-production samples before mass production;
2. Professional quality inspectors conduct product testing and quality assurance;
3. Our products win by quality and have a good reputation in the industry. We have served Dell, Logitech, ASUS, CAT and other first-line brands; we hope to establish a long-term cooperative relationship with you.

Q:3. What can you buy from us?

A:We are mainly engaged in CNC processing customization, mainly providing sports equipment, pneumatic components, ATM, commercial display, medical parts processing, communication parts processing, optoelectronic parts processing, auto parts processing, CNC precision processing, CNC processing, CNC processing of complex parts, non- CNC machining of standard parts, customized CNC machining, etc.

Q:4. Why buy from us instead of other suppliers?

A:We have 15 years OEM/ODM experience! We have our own design team and production team, equipped with complete production equipment and auxiliary processing

equipment, so we can customize hardware parts with small MOQ, and carry out quality control in strict accordance with the ISO9001:2008 quality system to provide customers with stable and reliable products with service.

Q:5. How long will it take for delivery?
A:5-7 days for sampling, 35-45 days for delivery after sample confirmation.

Q:6. How can I get samples to check your quality?
A:After the price is confirmed, you can request samples to check our quality. We can provide free blank samples to check the design and product quality, but you need to bear the shipping cost.
