Kitchen Water Sink Food Waste Disposer

Kitchen Water Sink Food Waste Disposer is a modern environmentally friendly household appliance. It is installed in the lower part of the kitchen sink and connected to the drain pipe. It can process all food wastes instantly, conveniently and quickly, effectively preventing the blockage of the water tank and preventing the growth of bacteria. To make you have a clean and welcoming kitchen.

After using the garbage disposal machine, you can effectively solve many annoying problems for you:

1. The food residue can be drained through the processor immediately. The basin's water outlet is no longer blocked, so you don't have to go back and forth between the kitchen and the trash can.
- 2, after the meal is also easy and quick to clean, you only need to dump the leftovers into the processor, you can drain the food waste.
- 3, food waste is no longer staying in the kitchen, helping to eliminate the smell of the room.
4. Quickly dispose of food waste and protect your home from pests such as mosquitoes and flies.

parameter

Model	SS-8550CG
Application	Home Use
Input Power	550W
Horsepower	3/4 HP
Voltage	110V/220V
Current	3.25A
Frequency	50/60Hz
Rated Rotary Speed	3200-3600RPM
Motor	Permanent Magnetic DC motor
Grinding Capacity	1100ML
Grinding System material	Stainless steel
Safety protection	Overcurrent & overload protection
optional sink connector	140mm,160mm,180mm
Sound-proof system	Double hollow structure
ON/OFF	Air Switch
Number of users	6-9 People
Warranty	2 years
standard life	8-10 years
Weight	5.0KG
Size	410mm(H) x 205mm(W)

In addition, the garbage processor is extremely easy to operate, you can complete the entire process in a few simple steps:
