Kitchen Food Waste Disposal Machine

Avoid the trouble of outage caused by empty opening damage

The external air switch has a longer life and is more professional. If it is damaged, it can be replaced directly. If there is no air switch, it can be directly controlled by the panel with switch. It will not be used because the air switch is broken.

More powerful, quieter and more durable tips

A powerful motor is the core component of the waste disposer. Not only does it provide powerful power, but colleagues can also see the whole and its vibration noise. It is also a core part of its durable place.

High-end multi-function water leakage does not change the original water storage function of the sink

After installation of many common garbage processors, the water leakage of the original water tank is not used, and the waste processor inlet is open to cancel the water storage function of the original water tank.

Product parameters:

Model	SS-8375CW
Application	Home Use
Input Power	375W
Horsepower	1/2 HP
Voltage	110V/220V
Current	2.25A
Frequency	50/60Hz
Rated Rotary Speed	2800/3200RPM
Motor	Permanent Magnetic DC motor
Grinding Capacity	1000ML
Grinding System material	Stainless steel
Safety protection	Overcurrent & overload protection
optional sink connector	140mm,160mm,180mm
Sound-proof system	Double hollow structure
ON/OFF	Air Switch
Number of users	5-7 People
Warranty	2 years
standard life	8-10 years
Weight	4.3KG
Size	385mm(H) x 205mm(W)

Food waste, one-click solution: easy to get fruits, vegetables, all kinds of small bones such as fish bones, chicken bones, eggshells, tea, etc.

The kitchen is ground to foam
Refuse clogging of sewer

Locking hose
Waterproof bed bug

Prevent bacterial growth
Family health and worry

EASY TO OPERATE JUST THREE STEPS

1. Open the tap

2. Start smart switch

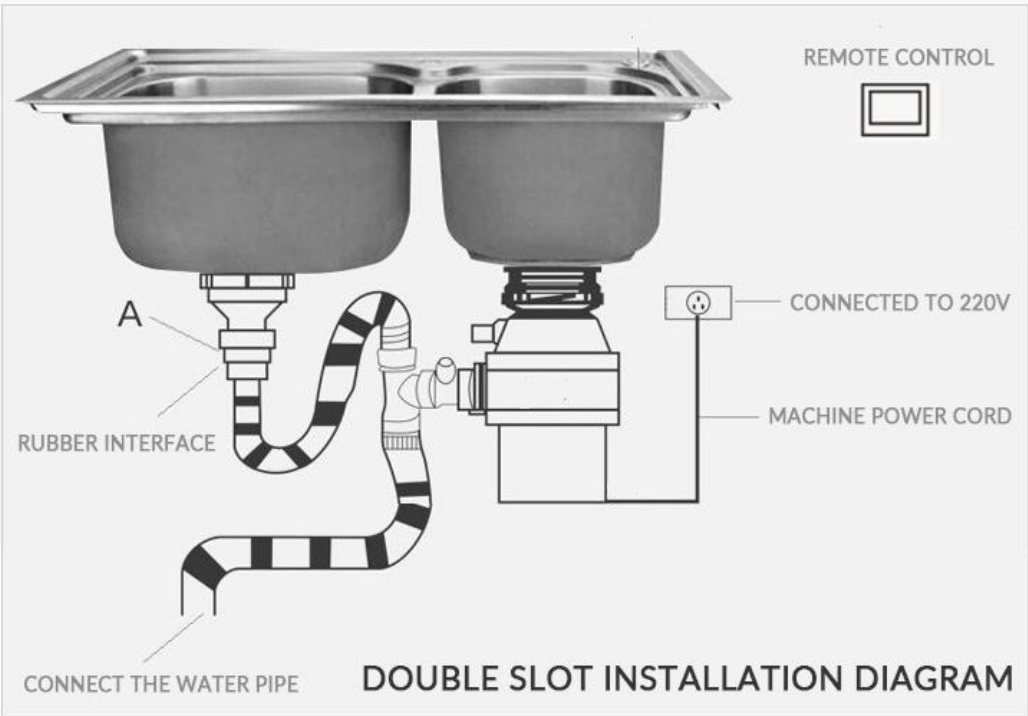

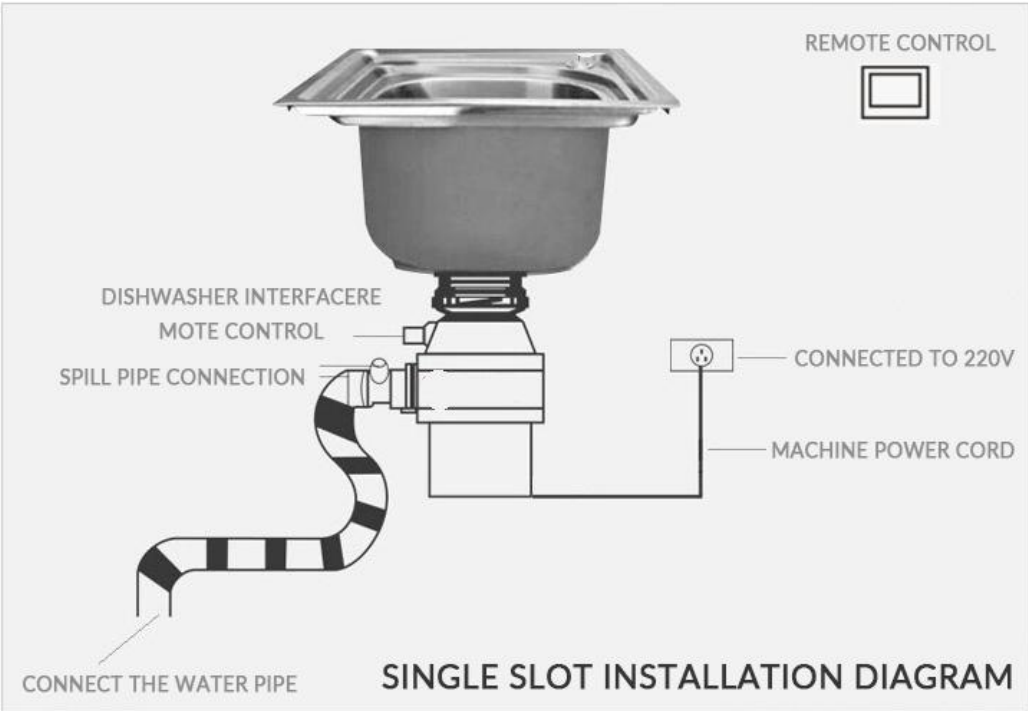

3. Pour food waste

Easier garbage disposal

Easily grind fruits, vegetables, eggshells, tea and all kinds of small bones and other leftovers, and experience a clean and fresh kitchen.
