

SouKen

Garbage Processor Crusher Food Waste Disposer

Kitchen cleaning master

Easy and easy

The kitchen waste is not sticky with one hand, no need to pour the garbage, bid farewell to the smell of mosquitoes, enjoy clean, elegant life

Suggest:

1. Avoid direct introduction of hot oil to protect the sewer
2. Regularly inject into neutral washing and soaking, and operate more freely
3. Long qianwei food is chopped as much as possible, and the grinding is more effective.

parameter

Model	SS-8375DG
Application	Home Use
Input Power	375W
Horsepower	1/2 HP
Voltage	110V/220V
Current	2.25A
Frequency	50/60Hz
Rated Rotary Speed	2800/3200RPM
Motor	Permanent Magnetic DC motor
Grinding Capacity	1000ML
Grinding System material	Stainless steel
Safety protection	Overcurrent & overload protection
optional sink connector	140mm,160mm,180mm
Sound-proof system	Double hollow structure
ON/OFF	Air Swith
Number of users	5-7 People
Warranty	2 years
standard life	8-10 years
Weight	4.4KG
Size	385mm(H) x 218mm(W)

advantage:

- 1). Grinding disc adopts high-manganese steel, special material for rail without blade and without hurting hand, fine grinding, corrosion resistance and oxidation resistance;
- 2). Four-stage grinding, the food waste can be ground to 1-2mm, and then flowed through the water to the sewer.

- 3). AC permanent magnet motor contains intelligent control chip, which can automatically adjust the grinding efficiency according to the softness and hardness of food waste and prolong the life of the machine;
- 4). Equipped with shell sealing and mute technology, cavity sealing and mute technology, double-layer sealed sound insulation technology, so that the sound of the device is controlled at 8-12 decibels, reducing machine running noise, cushioning shock absorption, enhancing the stability of the fuselage, not hurting mesa.
- 5). Remote control switch, air switch, magic switch
- 6). Centrifugal force treatment technology, the garbage is more thorough, and the grinding chamber is cleaner.
- 7). Multi-functional sputum plug design (ie, water-blocking and smashing)
- 8). Three-point buckle design, stable and shockproof, easy to install
- 9). Manually reset the overload protection system to prevent abnormal voltage, current, overload and overheating.
- 10). British imported models, qualification certification
- 11). The shell is made of healthy ABS resin, and the cavity is made of PA material. It has fast heat dissipation and strong gas permeability, which is not easy to damage the motor.
- 12). Dishwasher interface and sewage outlet are two-pronged and convenient

SAFER AND MORE SECURE
