

1.0L glass thermos shell

Quick details

Drink ware Type: Vacuum Flasks & Thermoses

Applicable People: All

Thermal Insulation Performance: 24 hours

Bottle Type: Vacuum

Shape: HANDGRIP

Production: Vacuum Flasks

Certification: CE / EU, FDA, LFGB, SGS

Feature: Eco-Friendly, Portable, Stocked

Place of Origin: Nantong, Jiangsu, China

Brand Name: Keyster

Material: Plastic Body, glass liner

Usage: water, coffee, tea, drinking

Capacity: 1000ml

Type: keep hot & cold water bottle

Packing: Egg Crate

Thermos insulation principle

The principle of thermos insulation means that the cork stopper is used to prevent the convection between hot and cold air; the gap between the double-layer bottles is vacuumed to solve the heat conduction; a thin layer of silver is applied to the bottle. Make it a mirror that reflects light and reflects heat, so that the silver layer is used to block the heat radiation. In this way, heat will not be lost and will play a role in heat preservation.

Why choose us?

1. We are the only manufacturer in China that is still producing glass liners for insulated lunch boxes.
2. Glass material insulation thermos bottle liner is more environmentally friendly and safer than stainless steel liner, and will not decompose harmful substances.
3. The company supports customizing various types of glass liners.
4. It can provide three kinds of environmental protection grades of medium and high temperature, which meet the import standards of any country in the world.

About US

Nantong Keyster Thermal Insulation Products Co., Ltd. is located in Yazhou Town Industry and Trade Park, Hai'an County. It is a limited liability company specializing in the production of thermos bottles, insulated barrels and liners. Keyster with the company's own technical strength and product quality, preferential prices, praised by users.

Contact Us 

At present, the company has more than 100 employees and 15 technicians. It has offices, production technology, supply and marketing, finance and other major departments. In addition to normal sales to Jiangsu, Shanghai, Zhejiang, Anwei, Jiangxi, Henan, Shandong and other places, some products are exported to Southeast Asia every year. Within 300 km, our company also delivered free of charge to the door, and the delivery was timely.

Our factory

Choose US

Quality

Quality guarantee, strict quality control system, including in-process inspection and final inspection

Service

Well trained and experienced staff to answer all your inquiry in 24 hour.

Certificate

Our products are all food safe standard and certificated by CE/CU,FDA,LFGB,SGS

OEM & ODM

Available, We can produce according to customer design

PROFESSIONAL TEAM

Professional
Experienced
Sales team

-  quick respond
-  just-in-time delivery
-  good pre-sales and after-service
-  professional and experienced sales
-  competitive price
high quality&high precision product with competitive price
