

Peripheral grinding wheel

As a professional parallel grinding wheel manufactures, You can rest assured to buy parallel grinding wheel from our factory and we will offer you the best after-sale service and timely delivery.

Wholesale Peripheral grinding wheel Manufacturers and Suppliers

According to different workpieces, there are resin bonded and vitrified bonded.

Resin bond:(Resin peripheral grinding wheel)

Applications:

Mainly used for the precise edge grinding of cemented carbide, cermet, ceramic, PCBN.

Feature:

Good machinability and self-sharpening. Outstanding surface accuracy, high stock removal efficiency, good durability, and long lifetime. Maximum heat resisting temperature 300°C.

Vitrified bond(Ceramic peripheral grinding wheel)

Application:

Mainly used for the precise edge grinding of PCD, PCBN and cermet.

Feature:

Compared with resin, vitrified bond has better shape retentivity, heat stability and long lifetime.

Matched grinding machine

AGATHON,WAIDA,WENDT,EWAG,TDG-MT,Dongguan Chenggong Automation, etc.

Application:

It is mainly used for the peripheral grinding of indexable blade, plane cutter, milling, cutting blade, welding blade, machine clip blade, carbide, ceramics, cermets, PCD, CBN, etc including the grinding of end face, radius and relief angle.

Advantages:

- 1.Low cutting edge chipping
- 2.Good surface accuracy retention
- 3.High stock removal efficiency
- 4.Unique cutting edge quality

SPECIFICATION

6A2H,11A2,11A2B,2A2T,11A2H,12A2T,15A2T

Peripheral Diamond Grinding wheels for indexable inserts, must be of a high level of geometrical accuracy, with ability of significant material removal. We are able to produce various types wheels to suit all popular machines, such as WENDT, WAIDA, AGATHON, EWAG, COBORN, etc.

Suitable for grinding machine:

AGATHON:

400 Series: 400PENTA, 400COMBI, 400SEMI, 400PERI.

350 Series: 350T&B, 350COMBI

250 Series: AGATHON, PA250

Wendt:

400 Series: WAC715, WAC735

350 Series: WAM336

WAIDA:

AP460E

WENT, WBN, WAIDA, VIOTTO, AMT, PETER WOLTERS, EWAG, etc.

We have now sophisticated machines. Our solutions are exported to the USA, the UK and so on, enjoying a great reputation amid consumers for 2019 Good Quality China 200mm 120g Bk Peripheral Polishing Wheel for Round Edger, We warmly welcome prospects, organization associations and mates from everywhere in the earth to get in touch with us and request cooperation for mutual benefits. 2019 Good Quality China Round Edger, Bk Peripheral Polishing Wheel, Our product quality is one of the major concerns and has been produced to meet the customer's standards. "Customer services and relationship" is another important area which we understand

Xinghua Diamond
