

### Mini Twin Tub Washing Machine

Mini twin tub washing machine has Quality word of mouth, careful design. Outside cutting handle, can move freely. The mini twin tub washing machine adopts water and electricity separation technology to prevent electric leakage and wash clothes safely. The mini twin tub washing machine adopts safe rodent proof platform, do a good job of rodent prevention throughout the year.

#### Product Description

The key to our success is "Good Merchandise High-quality, Reasonable Cost and Efficient Service" for Cheapest Price China Mini Twin Tub Washing Machine, We sincerely welcome close friends from all around the environment to cooperate with us over the foundation of long-term mutual benefits.

Cheapest Price China Washing Machine and Washing Machines price, To make every client satisfied with us and achieve win-win success, we'll continue to try our best to serve and satisfy you! Sincerely looking forward to cooperating with more overseas customers based on mutual benefits and great future business. Thank you.

Mini twin tub washing machine has Quality word of mouth, careful design. Outside cutting handle, can move freely. The mini twin tub washing machine adopts water and electricity separation technology to prevent electric leakage and wash clothes safely. The mini twin tub washing machine adopts safe rodent proof platform, do a good job of rodent prevention throughout the year. In view of the situation of rural rats biting off the wires, a rat proof bottom platform was set up to prevent rats from turning in and damaging the washing machine.

Moedel:	XPB50-2008S(55FS)
Wash Capacity:	5.0 Kg
Spin Capacity:	2.5 Kg
Wash Power:	250 W
Spin Power:	150 W
Voltage:	110V/60Hz ~ 220V/50Hz
Product Size:	625*385*700mm
Packing Size:	645*405*720mm
N.W./G.W.:	14.2/16.0 KG

MOQ/40HQ Container:	370 PCS

### Product Features

1. The mini twin tub washing machine adopts water and electricity separation technology to prevent electric leakage and wash clothes safely. Timing knob, waterproof and electricity proof.
2. The mini twin tub washing machine adopts safe rodent proof platform, do a good job of rodent prevention throughout the year. In view of the situation of rural rats biting off the wires, a rat proof bottom platform was set up to prevent rats from turning in and damaging the washing machine.
3. Hurricane current, strong decontamination. The surf waterfall flow combined with the universal three-dimensional flow generated by the hurricane wave wheel has faster speed and shorter operation cycle, so as to achieve strong removal of clothing dirt and higher washing and purification.
4. Separation of water and electricity, safer operation, washing and dehydration time is not afraid of water, no leakage, to achieve anti leakage protection, to avoid washing water contact with electrical components, to prevent leakage
5. The mini twin tub washing machine have wide voltage, not afraid of voltage fluctuation. More adaptable to voltage, designed for rural areas and areas with low power supply quality.
6. The mini twin tub washing machine have strict quality control, economical and practical, meet the requirements of special climate and environment, prevent sediment, erosion, more solid, stronger and more durable.  
The mini twin tub washing machine more adaptable to voltage, designed for rural areas and areas with low power supply quality.

**FAQ**
