Specification	48mm
Material	PET
Feature	filling water
MOQ	100,000pcs
Dimension	410*290*350mm
Weight	108g
Customizes	Color can be customized
Delivery period	15 days

Container	20ft	40ft	40HQ
Preform Weight	108g		
Package of Container	321ctns	758ctns	962ctns
Package of carton	180pcs/ctn		
Quantity	57,780	136,440	173,160
Delivery time	15days	25days	35days

Feature Of 48MM Pet Preform Mould

*Preform injection mould from 1 cavity for wide mouth jar and gallonbottle preform up to 96 cavity narrow neck.

*Tube blank is designed with the help of computer, which surely contributes to the increasing of yield of bottle.

*48MM Pet Preform Mould employed internationally advanced two-step dual taper locating technology. Each cavity self-locks independently to ensure low decent ration of product;

*Core and cavity are made of special mold steel after preheating treatment in the original factory in Sweden. Individual temperature control of all cavity.

*Lip cavity is made of imported nitrated steel, which is of high hardness and long service life ,in accordance with international standard;

*The excellent hot runner design assures uniform heating and greatly improves the quality of plastic product;

*No cutting of gate is employed to reduce the labor intensity; Standard inter-changeable mould components;

*The life of 48Mm Pet Preform Mould is more than 2 million times.

Application Of 48MM Pet Preform Mould

48MM Pet Preform Mould don't have the cutting of gate so ie can reduce the labor intensity.The life of 48Mm Pet Preform Mould is more than 2 million times.

Details Of 48MM Pet Preform Mould

These pictures show you the details of 48MM Pet Preform Mould, and hope to help you understand this product effectively.

Qualification Of 48MM Pet Preform Mould

Deliver,Shipping And 48MM Pet Preform Mould

Packing:wooden case

WAY OF TRANSPORT:BY SEA,BY AIR OR BY RAILWAY.

PAYMENT:T/T.50% DEPOSIT,50% THE BALANCE OF PAYMENT BEFORE SHIPMENT.
