Model	HJS2005
Min.cap diameter	15mm
Max.cap diameter	100mm
Production capacity(30*20 size)	15000caps/h
Installed electrical power	0.8kw(50-60Hz)
Absorbed electrical power(approximate)	0.8kw
Compressed air consumption	0.5m ³ /h
Machine size(L*W*H)	600*600*1800mm
Elevator machine size(L*W*H)	1500*800*2000mm
Machine weight(L*W*H)	320kgs

Feature Of Automatic cap cutting machine

*Automatic cap cutting machine has the function of cutting

*Small production efficiency.

Application Of Automatic cap cutting machine

Automatic cap cutting machine including adding caps, sorting caps, feeding caps, cutting ring, dropping caps, and distributing caps to separate boxes, etc, are completed full-automatically at a high speed up to 15000pcs/hr.

Details Of Automatic cap cutting machine

These pictures show you the details of Automatic cap cutting machine, and hope to help you understand this product effectively.

Qualification Of Automatic cap cutting machine

Certificate

CE certification of Machine

CE certification of plastic mould

Deliver,Shipping And Serving Of Automatic cap cutting machine

Packing:wooden case

WAY OF TRANSPORT:BY SEA,BY AIR OR BY RAILWAY.

PAYMENT:T/T.50% DEPOSIT,50% THE BALANCE OF PAYMENT BEFORE SHIPMENT.

FAQ

Q:How long does it take to install the equipment

A:Automatic cap cutting machine is easy to installed,we have adjust all of machine parts,you just connect the electric and pneumatic then machine in regular work.

Q:How many people do you send abroad to install the equipment?

A:One person.

Q:Can I send goods from other suppliers to your factory? Then load together?

A:It's no problem,But the goods need to declare separately.

Q:How to arrange your Spring Festival vacation

TAIZHOU HONGJINGSHENG PLASTIC MOULD CO.,LTD.

Phone:+86-15990049143

E-mail: miya@hjsmould.com

A:For office staff,we usually go to work on the Ninth of the first lunar month.And the holiday about 15 days.For workshop,they usually go to work on the fifteenth day of the first month of lunar year.

Q:Can your equipment be installed in hot weather?

A:Yes.

Q:Can your product be installed in cold weather?

A:Yes.

Q:Can you send your staff to our side to install equipment for us?

A:Yes.

Q:Can I buy only some spare parts from you?

A:For machine parts, if you purchase Automatic cap cutting machine in our factory,we can provide some parts for you in the future.

Q:Will you participate in the exhibition?

A:Yes.We usually join Chinaplas and some foreign exhibitions.

Q:Can you send your equipment to the Guangzhou warehouse?

A:Yes.We usually quote Fob Ningbo price.If you need other terms,just let me know before place an order.

Q:How long will it take you to provide us with a design solution?

A:For design,3-7 days after received the prepaid.We only show the picture for reference and don't provide any 3D design of machine.

Q:What are your equipment manufacturing standards?

A:CE

Q:How do you pack the equipment?

A:Wooden case

Q:Can you design the equipment according to our size?

A:Yes.Automatic cap cutting machine can be customized.

Q:How many years has your company made this equipment?

A:More than 20 years.

Q:How many employees does your factory have?

A:70

Q:Do you have any pictures of real equipment items?

A:Yes.

Q:How far is the hotel in your factory?

A:About 10 minutes.

Q:How far is your factory from the airport?

A:About 50 minutes by driving car.

Q:How long does it take from Guangzhou to your factory?

A:If you take a plane, need 3 hours.

Q:Where is your factory?

A:Taizhou, Zhejiang province.

Q:Do you provide free spare parts?

A:It depends on machine equipment.

Q:What is the applicable age range of Automatic cap cutting machine?

A:Unlimited use.

Q:Do you have a detailed and professional installation manual?

A:Yes.

Q:Do you provide samples? Free or charge?

A:Less sample is free.

Q:What is your minimum order quantity?

A:For products,MOQ is 100000pcs.For mold and machine,the MOQ is 1sets.

Q:Are you a trading company or a manufacturer?

A:Manufacturer.

Q:How long is your delivery time?

A: Machine:30-60 days

Mold:20-60 days.

Products:depends on quantity.

Q:How many production lines does your factory have?

A:We have 20 sets of injection molding machine to product Automatic cap cutting machine.
