

PCO1881 Plastic Cap Mould

The PCO1881 plastic cap mould is made of Japanese high quality steel, using computer 3d drawing design, advanced and reasonable design to ensure the product quality is reliable and stable, each mold cavity and mold core has an independent condensing system.

Product Description

PCO1881 Plastic Cap Mould

Introduction Of PCO1881 Plastic Cap Mould

The PCO1881 plastic cap mould is made of Japanese high quality steel, using computer 3d drawing design, advanced and reasonable design to ensure the product quality is reliable and stable, each mold cavity and mold core has an independent condensing system.

Feature Of PCO1881 Plastic Cap Mould

*The PCO1881 plastic cap mould is designed with 3D computer drawing and therefore the product yield rate is enhanced.

*The cap mould is made of high grade steels from Japan and imported P20 and 2316 etc.

*The PCO1881 plastic cap mould is designed with advanced second-level taper positioning technology and slide type independent self-locking, hence the concentricity of the product is guaranteed.

*PCO1881 plastic cap mould adopts advanced and reasonable design, each cavity having independent temperature control and heating system, which boasts an even heating temperature and keeps product with reliable and stable quality.

*Cap mould has independent condensation system in each mould cavity and mould core. Mould cavity is replaceable, so that the label on top of cap can be changed.

Application Of PCO1881 Plastic Cap Mould

The PCO1881 plastic cap mould adopts advanced and reasonable technology, each cavity has its own temperature control, heating system and condensing system, which can effectively improve the yield of products.

Details Of PCO1881 Plastic Cap Mould

These pictures show you the details of PCO1881 Plastic Cap Mould, and hope to help you understand this product effectively.

Qualification Of PCO1881 Plastic Cap Mould

Deliver, Shipping And PCO1881 Plastic Cap Mould

Packing: wooden case

WAY OF TRANSPORT: BY SEA, BY AIR OR BY RAILWAY.

PAYMENT: T/T. 50% DEPOSIT, 50% THE BALANCE OF PAYMENT BEFORE SHIPMENT.
