

Adjustable Bench

Adjustable Bench 【Made of Heavy-duty Commercial Quality Steel】 Made from laser-cut 2x3 11-gauge steel with a bolt-together construction and full portability, the redesigned Adjustable Bench offers more options and comfort than the original model, all at a lower price. 【New Design Retains the Best Features】 The new design also still retains all the best

features , including rubber feet for stability/floor protection and a set of wheels and a pull handle for easy mobility. This Workout Bench is great for a variety of workouts at the home or gym. Good for apartments, small offices or spaces.

【6 Back Pad Adjustments】 The press bench has adjustable backrest pad with 6 positions ,which is ideal for exercise training and workout on your chest, shoulders, back, abs, etc. You will drastically increase your upper body strength.
