

Christmas Tree Rotary Candle

.. . .

Product quality: The Kingnero Christmas tree rotating candle holder is made of stainless steel, and the metal surface has undergone high-grade electroplating treatment. The quality is excellent, hand-made and carefully packed in color boxes.

Product quality: The Kingnero Christmas tree rotating candle holder is made of stainless steel, and the metal surface has undergone high-grade electroplating treatment. The quality is excellent, hand-made and carefully packed in color boxes.

Product style: fine craftsman technology, exquisite and meticulous details, Christmas scenes are displayed in candlelight, allowing you to be on the scene.

Simple configuration: This merry-go-round candle holder is composed of multiple accessories and needs to be assembled by hand. You can enjoy the fun of the product during the assembly process.

Function: When you put the tea light candle in, the rising heat urges the fan at the top to rotate rapidly, driving the 5 Christmas tree pendants to rotate around the candlelight, and the bright surface reflects the candlelight around, making the room full of sparkling candlelight.

Applicable occasions-this rotating tea set rack is very suitable for Christmas home decoration and can also be used as Christmas gifts
