We believe in “win-win” situation. So QUALITY IS OUR CULTURE, It’s benefit for us and everyone who want to do business with us.

As a factory, our aim is to be Nicest quality - Nicest price - Right supplier! Welcome to buy geometric metal candle holders from us.

## 1. Product Introduction of Geometric Metal Candle Holders

1) Metal Candle Holder: Geometric metal rose gold candle holder, beautiful, suitable for decoration, stable structure to ensure effective anti-tilting and anti-skid when using candles, Removable glass cover enhances the versatility of the product

2)Design: The candle holder has a plate that can hold all the melted wax in the candle and avoid wax overflow. The glass cover can not only improve the elegance of the candle, but also effectively reduce the influence of wind on the candle

3)Decoration: Beautiful metal candle holders can improve the sense of decoration and provide wonderful decorations for families, festivals, parties, weddings, etc., especially the upcoming Christmas

4) gift: Give this elegant and beautiful candlestick to your family, friends, and people you love
