Customized Big Hook Type Shot Blast Machine

GND-CH series is a customized Big Hook Type Shot Blast Machine for large workpiece, designing is according as your requirements fully. The Big Hook Type Shot Blast Machine equipment is fit for workpiece that large size and big weight, one piece at a time.

Customized Big Hook Type Shot Blast Machine Factory

GND-CH series is a customized hook shot blast machine for large workpiece, designing is according as your requirements fully. The big hook shot blasting equipment is fit for workpiece that large size and big weight, one piece at a time.

Compared with other type shot blasting machine, the customized hook shot blast machine has a important advantages that is the workpiece is rotating during treating process, thus to get a 360° perfect blasting. Of course some customers will want a rotating table type shot blasting equipment, but the contact surface between worpiece and the table will not treated, you need a manual sand blaster to treat the area. So for both efficiency and cost, we prefer recommend you to choose this hook type shot blasting machine.

Quatity and installation angle of blastwheels are according as workpiece size, our design ensures that the whole workpiece must be in blasting area.

The blastwheels have two driving style, one is motor connect to blastwheel assembly directly, another one is motor connect to blastwheel by belt. Usual big power motor like more than 11kw uses belt driving. Directly or belt driving, it depends on what you ask for. Usual height of the customized big hook type shot blast machine is high because of large size of workpiece, so you need make a pit if it's necessary.

Just tell your workpiece details like length, width, height and weight, it's better to show us some workpiece pirtures. These data are a key to design a good hook shot blasting equipment for you. To be able to ideal meet up with client's needs, all of our operations are strictly performed in line with our motto "High High-quality, Competitive Cost, Fast Service" for Wholesale China Hanging Chain/Circular Track Through Type Shot Blasting
