Rubber Belt Tumble Type Shot Blast Machine

GND-RT600 rubber belt tumble type shot blast machine is a popular blaster, it has widely used in many countries. It's very economical and practical.

China Rubber Belt Tumble Type Shot Blast Machine Manufacturers

GND-RT600 rubber belt tumble type shot blast machine is a popular blaster, it has widely used in many countries. It's very economical and practical.

What's workpiece is right for the rubber belt tumble blaster? Piece weight not more than 15kgs, tumbling trippingly, not sheet, no sharp and fundry or forging technology. Rubber belt protect your workpiece well. If your workpiece has soft surface like coppery and aluminic workpiece etc. , the rubber belt tumble type shot blaster is the best choice. Rubber belt has tendons and holes, tendons make tumbling trippingly more better. For some customers they don't like tendons, we make flat surface belt for them. Holes are for avrasive flowing, hole diameter is Ø8mm or Ø6mm, you can chooce it according as your abrasive.

The rubber belt tumble type shot blasting machine has a blastwheel, the motor is direct driving, it has strong power, and high efficiency.

A bag style dust collector for the tumble type shot blast equipment, redust capacity can be up to 95%. Bag changing is easy, and cost is low. It is our responsibility to meet your needs and efficiently serve you. Your satisfaction is our best reward. We are looking forward to your visit for joint growth for OEM Factory for China Q32 Series Tumble Rubber Crawler Belt Type Shot Blasting Machine, If you are interested in almost any of our goods, make sure you feel no cost to call us for more aspects. We hope to cooperate with additional mates from all over the earth. OEM Factory for China Shot Blasting Machine, Sand Blasting Machine, With the goal of "zero defect". To care for the environment, and social returns, care employee social responsibility as own duty. We welcome friends from all over the world to visit and guide us so that we can achieve the win-win goal together.
