Welcome to inquire about our merchandise. Good Quality China Conference Room Wall Acoustic Panel, Fireboard, Establish long term and win-win business relationships with all our customers, share the success and enjoy the happiness of spreading our merchandise to the world together. Trust us and you will gain more. You should feel free to contact us for more information, we assure you of our best attention at all times.

#### 1.Introduction of Conference Room Wall Acoustic Panel

QDBOSS Fabric wrapped acoustic panel uses high quality fiberglass board with different flame retardant fabric. This type of acoustic panel is environmental friendly, widely used, sound absorption, well decorative, easy installation, no dust pollution etc. The fiberglass board is much more eco-friendly than rockwool board, less pollution in production process. The Conference Room Wall Acoustic Panel is designed to absorb harsh, distracting noises like echo and reverb to help the right sound through and resonate with audiences. Hardened edges for the acoustic panel can help increase durability in Cinema, Multi-purpose Rooms, Meeting room, KTV, Hotel, Music Rooms, Auditoriums and Theaters.
