

Dense Polyester Soundproofing Acoustic

QDBOSS Dense Polyester Soundproofing Acoustic uses our patent technology to make the polyester fiber panel flame retardant during production. That's to say, our panel is flame retardant after production. The performance is as good as the panel made of FR fibers, while the cost is half. Unlike the old soaking method, we can arrange the shipment as soon as the production

China Discount Dense Polyester Soundproofing Acoustic Price

Being supported by an state-of-the-art and skilled IT team, we could supply technical support on pre-sales & after-sales service for Supply ODM China Polyester Soundproofing Acoustic, We goal at Ongoing system innovation, management innovation, elite innovation and sector innovation, give full play for the overall advantages, and constantly make improvements to support excellent. Supply ODM China Polyester Soundproofing Acoustic, Acoustic Panel Polyester, To meet the requirements of personal customers for each bit more perfect service and stable quality goods. We warmly welcome customers around the world to visit us, with our multi-faceted cooperation, and jointly develop new markets, create a brilliant future!

1.Introduction of Dense Polyester Soundproofing Acoustic

QDBOSS Dense Polyester Soundproofing Acoustic uses high quality fiberglass board with different flame retardant fabric. This type of acoustic panel is environmental friendly, widely used, sound absorption, well decorative, easy installation, no dust pollution etc. The various colors and finish choices, can satisfy all the customer's acoustic and decoration requirement.

The Dense Polyester Soundproofing Acoustic is designed to absorb harsh, distracting noises like echo and reverb to help the right sound through and resonate with audiences. Hardened edges for the acoustic panel can help increase durability in Cinema, Multi-purpose Rooms, Meeting room, KTV, Hotel, Music Rooms, Auditoriums and Theaters.
