Product Feature And Application

- 1: The surface of Sow Farrowing Crate was treated by hot-dip galvanization with uniform coating, which give the crate long service life.
- 2: The width of the crate could be adjustable, which make it flexible to different size of the sows.
- 3: The height of anti-pressure bar can be adjusted as the piglets growing, to make sure it can protect the piglets all the time.
- 4: The feeder can be rotated, which make it easy to clean
- 5: There is a hole on the rear cast iron slat to clear the manure.
- 6: The creep feeder, the water bowl, the incubator and heating pad, etc., all these help to take care of the piglets well.
