

Silicone Surfactant

Factory Price Zhongyuan® Silicone Surfactant oil L580 for flexible polyurethane foam is one type of non-hydrolytic silicone surface active agent, mainly for the production of low and mid of soft polyurethane foam plastic design .it can be used under a variety of process operations, especially in continuous foaming and general box foaming equipment process is widely used

As the professional manufacture, we would like to provide you high quality Zhongyuan® Silicone Surfactant. And we will offer you the best after-sale service and timely delivery.We enjoy a reputation of quality, ethics and service.

Silicone Surfactant Summary:

China high quality Zhongyuan® Silicone Surfactant oil L580 for flexible polyurethane foam with factory price is one type of non-hydrolytic silicone surface active agent, mainly for the production of low and mid of soft polyurethane foam plastic design .it can be used under a variety of process operations, especially in continuous foaming and general box foaming equipment process is widely used

Adhering to your principle of "quality, assistance, performance and growth", we've obtained trusts and praises from domestic and worldwide client for Low price for China High Quality Silicone Spray Surfactant for Agriculture with Factory Price, We warmly welcome organization partners from all walks of lifestyle, assume to determine friendly and cooperative business enterprise get hold of along with you and achieve a win-win aim. Low price for China Silicone Surfactant, Chemical Sticker, We always stick to the tenet of "sincerity, high quality, high efficiency, innovation". With years of efforts, we have established friendly and stable business relationships with worldwide customers. We welcome any of your inquiries and concerns for our merchandise, and we have been sure that we'll supply just what you want, as we always believe that your satisfaction is our success.

The business upholds the philosophy of "Be No.1 in high-quality, be rooted on credit and trustworthiness for growth", will keep on to serve previous and new prospects from home and overseas whole-heartedly for Top Grade China Silicone Surfactant, Constantly for the majority of business enterprise users and traders to supply ideal top quality products and great service. Warmly welcome to join us, let's innovation with each other, to flying dream.

Top Grade China Silicone Surfactant, We are going to not only continuously introduce technical guidance of experts from both home and abroad, but also develop the new and advanced products constantly to satisfactorily meet the needs of our clients all over the world.

Silicone Surfactant Detail:

- 1 surface activator performance is obvious, high efficiency foam stabilization
- 2 there is better effect in high auxiliary foaming agent dosage (e.g. methylene chloride) low density formula,
- 3 The widest tin handling space available in the low density formulation
- 4 maintain good air permeability and narrow density gradient
- 5 Highest performance of water/amine/silicone oil pre-mixed silicone surface activator

Silicone Surfactant Applications :Industrial

1. Suitable for polyether type flexible foam production on all types of foam production equipment, like streamline foaming equipment and box foaming process.
2. medium density flexible foam production.
3. low density flexible foam production.

Silicone Surfactant Usage&Packing:

Usage: Add into polyol and full mixing

Packing: 210 Kg /steel drum
