

Vertical Color Mixer

AMX Series Vertical Color Mixer Machines are mainly used for plastics and rubber industry for mixing virgin plastic material and recycled material or masterbatch pellets and powders. The color mixer equipped with big power gear motor with large strength to mix materials completely and evenly in a short time.

Vertical Color Mixer

1. Vertical Color Mixer Introduction

AMX Series Vertical Plastic Color Mixer Machines are mainly used for plastics and rubber industry for mixing virgin plastic material and recycled material or masterbatch pellets and powders. The color mixer equipped with big power gear motor with large strength to mix materials completely and evenly in a short time.

2. Vertical Color Mixer Parameter (Specifications)

Model		AMX-25KG	AMX-50KG	AMX-100KG	AMX-150KG	AMX-200KG	AMX-300KG
Power	Kw	1.1	1.5	3	4	5.5	11
Capacity	Kg	25	50	100	150	200	300
Weight	Kg	80	100	180	260	380	450
Dimension:							
L	mm	700	860	1100	1100	1250	1250
W	mm	610	800	1050	1050	1220	1220
H	mm	920	1000	1060	1330	1400	1860

Please excuse for not note if some specifications of products are changed.

Note: The standard power supply is 3Ø 380V 50Hz. Other power supply is available.

3. Vertical Color Mixer Features & Application

- 1)Stainless steel made mixing barrel keep material away from pollution.
- 2)High quality electric components ensure stable working of the plastic color mixing machine.

- 3) High efficiency gear motor to mix material in a short time for energy-saving.
- 4) Equipped with safety switch and overload protection to protect people and color mixer machine.
- 5) With manual valve to discharge materials easily.
- 6) With castors for easy installation and moving of the machine.

4. Vertical Color Mixer Qualification

Aumax Plast has been focusing on R&D and manufacturing of plastic recycling machine and auxiliary equipment for injection molding machine, blowing molding machine and plastic extrusion line for more than 15 years.

We have obtained various domestic and foreign certifications such as ISO9001, ISO14001, CE, etc., which fully demonstrates that our products fully comply with international standards and the quality of products is guaranteed.

5. Delivery, Shipping and Serving

Normally, the delivery time of our plastic machines is 10-20 days after order confirmed and advance payment. All of Aumax plastic vertical color mixers are packed in plywood cases. Usually, we ship large machines by LCL or FCL ocean shipping. Sometimes, customers need machine urgently, we ship machine by air or express.
