

Egg Centrifuges

We supply Egg Centrifuges. The HISPEED® Egg Centrifuge is made of stainless steel for great durability and hygiene. After filling the machine with eggs, it breaks the eggs and the fresh egg liquid is transported into a placed container. Meanwhile, the eggshells are crushed, greatly reducing their volume. An inner sieve made of a perforated welded plate ensures an efficient filtering of centrifuged egg liquid, the machine

retrieves the egg liquid from the crushed shells, therefore minimizing the amount of wasted product. The HISPEED® Egg Centrifuge is suitable for egg farmers and other egg processing factories. The HISPEED® product covers a whole range of machines for the egg processing industry, such as, egg grading, egg washing, egg printing, egg detecting and egg processing etc. Our passionate and friendly experts in egg processing field and a network of agents and dealers throughout the world will ensure your investment on egg processing equipment is reliable. We are expecting to become your long term partner in China.
