

### **Rising Stem Resilient-Seated(OS and Y) Gate Valve(Grooved End)**

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality Hispeed® Rising Stem Resilient-Seated(OS and Y) Gate Valve(Grooved End). We supply Rising Stem Resilient-Seated(OS and Y) Gate Valve(Grooved End). The gate valve provides full flow with minimal pressure drop. The gate valve is designed to be the main control valve in an automatic fire sprinkler

system. The gate valve features a AWWA C606 Groove, grooved end connection for easy installation and accessibility. Outside screw and yoke (OS&Y) gate valves are recommended when positive shutoff and a quick visual indicator of open/closed position is required. This valve features a pre-grooved stem for tamper switch mounting. It is listed by Underwriters Laboratories of the FM Approved. We are expecting to become your long term partner in China.

#### **Product Description**

You can rest assured to buy customized Hispeed® Rising Stem Resilient-Seated(OS and Y) Gate Valve(Grooved End) from us. We look forward to cooperating with you, if you want to know more, you can consult us now, we will reply to you in time!
