

Benchtop Milk Fat Centrifuge

The JH-TLW5R Benchtop Milk Fat Centrifuge is a special equipment for the analysis method of milk and dairy products hygienic standards. It is suitable for Pap method, Gabor method, etc. to separate the fat in milk and dairy products for measurement and analysis.

1. Benchtop Milk Fat Centrifuge Introduction

Benchtop Milk Fat Centrifuge has the function of heating and constant temperature, and the temperature is kept above 50°C. This not only reduces the time of the sample water bath, but also makes the test results more reliable. It is mainly suitable for the physical and chemical inspection of dairy products enterprises and is a common equipment for dairy product inspection.

Meet the standard method:
Pap method
Gabriel

2. Benchtop Milk Fat Centrifuge Parameter

Model	JH TLW5R Benchtop Milk Fat Centrifuge
Turntable form	Angle
Number of branches	8 Gabor Milk Fat Meters
Maximum speed	2200rpm
Maximum relative centrifugal force	504Xg
Speed accuracy	±50r/min
Temperature setting range	Room temperature+10C~65C
Timing range	0- -99h59min
Control and drive system	AC variable frequency motor, microcomputer control, direct drive
Total power	1.5KW
Noise	60dB
Power supply	AC220V 50Hz
Weight	35kg
Dimensions (Length X Width X Height)	520X415X330

3. Benchtop Milk Fat Centrifuge Feature And Application

The Benchtop Milk Fat Centrifuge has a color screen, microcomputer control, brushless motor, no toner pollution, low vibration, and easy operation.

4. Fields of use Product

Benchtop Milk Fat Centrifugee is widely used in experiments with small sample quantity, many steps, large centrifugal force and low temperature requirement. Such as: biochemistry, genetic engineering, agriculture and forestry disciplines, food hygiene, hospital and other scientific research units of the laboratory of the separation of samples.

5. Product Qualification

Jiahang Product has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

6. Deliver,Shipping And Serving

We have a top R&D team returned from Europe and America, cooperate with our superb manufacturing team, professional sales team and dedicated service team, working together to provide customers with high-tech, high-quality products and efficient, convenient, Comprehensive pre-sales and after-sales professional services.

7. FAQ

How many years have your company made Benchtop Milk Fat Centrifuge ?

22 years of scientific instrument manufacturer, laboratory solution provider!

Which certificate do you have for your products?

Jiahang has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

Will you will attend the fair to show your products?

Yes, Every year we will participate in some internationally renowned exhibitions to launch our new products, such as Arablabs, PICCTON, Analytica Russia, Lab Africa, Analytica Germany, Analytica Latin America and so on,we are looking forward to your visit.

How about your company's R&D strength

Possess strong R&D technical capabilities (a R&D team of more than 20 people, with an average degree of doctorate degree, graduated from well-known universities at home and abroad, with an average work experience of 8 years), able to deal with and solve product-related technical problems

If OEM is acceptable?

Provide OEM customization service, product built-in software has autonomy, can customize development settings

Are you a trading company or a manufacturer?

100% manufacturer, no middlemen and distributors make the price difference, the price of the source factory is very advantageous; Jiahang is headquartered in Shanghai, China, has 15 service outlets and 2 production plants in China, and has sales in more than 10 countries overseas proxy.

How about your delivery time?

"Generally, it will take 7 to 15 working days after receiving your advance payment. Depend on the quantity."

Which payment can be acceptable ?

We could accept the payment by L/C, TF, Paypal , Western Union,etc.

Service

We could provide Online instruction ; Real-time support by video-ca or voice-chat.

Any customer who cooperates for the first time promises to provide a production cost price trial opportunity to solve your worries about product quality problems.

Provide official product quality assurance documents that comply with legal benefits to escort you with worry-free after-sales service.
