

Digital Display Refraction Instrument

Digital Display Refraction Instrument can measure the sugar content Brix and refractive index n_D of the liquid, can be used for sugar, pharmaceutical, beverage, petroleum, food, chemical industry production, scientific research, teaching departments of detection and analysis.

1. Digital Display Refraction Instrument Introduction

Innovation:

- 1: Portable design, easy to use;
- 2: LED cold light source replaces traditional sodium lamp and halogen tungsten lamp;
- 3: Color screen display, humanized operation interface;
- 4: The whole machine has passed TART and CE certification.

2. Digital Display Refraction Instrument Parameter

Refractive index n_D : 1.3330--1.5290 n_D

Brix: 0.0~94.0%

Accuracy: ± 0.0002

Detection method: automatic digital display

Display mode: digital display

Temperature display range (minimum value 0.1°C): 0~40°C (automatic temperature compensation)

Mass: 500g

Shape: 80(W)×100(D)×55(H)mm

3. Product Feature And Application

1. Portable design, easy to use;
2. LED cold light source instead of the traditional sodium light lamp and halogen tungsten lamp;
3. Color screen display, user-friendly operation interface;
4. Digital Display Refraction Instrument has passed TART and CE certification.

4. Fields of use Digital Display Refraction Instrument

Sugar, pharmaceutical, beverage, petroleum, food, chemical industry production, scientific research, teaching departments of testing analysis.

5. Digital Display Refraction Instrument Details

The digital display brix meter measures the Brix of liquids, and can be used for detection and analysis in sugar, pharmaceutical, beverage, petroleum, food, chemical industry production, scientific research, and teaching departments. Use visual aiming, optical dial reading, simple.

6. Product Qualification

Jiahang Digital Display Refraction Instrument has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

7. **Deliver,Shipping And Serving**

We have a top R&D team returned from Europe and America, cooperate with our superb manufacturing team, professional sales team and dedicated service team, working together to provide customers with high-tech, high-quality products and efficient, convenient, Comprehensive pre-sales and after-sales professional services.

8. **FAQ**

How many years have your company made Digital Display Refraction Instrument?

22 years of scientific instrument manufacturer, laboratory solution provider!

Which certificate do you have for your products?

Jiahang has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

Will you will attend the fair to show your products?

Yes, Every year we will participate in some internationally renowned exhibitions to launch our new products, such as Arablab, PICCTON, Analytica Russia, Lab Africa, Analytica Germany, Analytica Latin America and so on,we are looking forward to your visit.

How about your company's R&D strength

Possess strong R&D technical capabilities (a R&D team of more than 20 people, with an average degree of doctorate degree, graduated from well-known universities at home and abroad, with an average work experience of 8 years), able to deal with and solve product-related technical problems

If OEM is acceptable?

Provide OEM customization service, product built-in software has autonomy, can customize development settings

Are you a trading company or a manufacturer?

☎ 0086 17721148861

100% manufacturer, no middlemen and distributors make the price difference, the price of the source factory is very advantageous; Jiahang is headquartered in Shanghai, China, has 15 service outlets and 2 production plants in China, and has sales in more than 10 countries overseas proxy.

How about your delivery time?

"Generally, it will take 7 to 15 working days after receiving your advance payment. Depend on the quantity."

Which payment can be acceptable ?

We could accept the payment by L/C, TF, Paypal , Western Union,etc.

Service

We could provide Online instruction ; Real-time support by video-ca or voice-chat.

Any customer who cooperates for the first time promises to provide a production cost price trial opportunity to solve your worries about product quality problems.

Provide official product quality assurance documents that comply with legal benefits to escort you with worry-free after-sales service.
