

High Speed-Medical Centrifuge

High Speed-Medical Centrifuge Based on the difference of precipitation rate in centrifugal force field, the samples can be analyzed and separated.

1. High Speed-Medical Centrifuge Introduction

This series of High Speed-Medical Centrifuge are widely used in experiments with small sample volume, many steps, large centrifugal force, and low temperature requirements. Such as: biochemistry, genetic engineering, agriculture and forestry disciplines, food hygiene, hospitals and other scientific research institutes laboratory separation of samples.

2. High Speed-Medical Centrifuge Parameter

product name	JH-TG16MW
Maximum speed (r/min)	16,500
Maximum centrifugal force (Xg)	18780
Maximum capacity	12X 10ml
Timing range	0-99h59min
Run the program	20
Control and drive system	AC variable frequency motor, microcomputer control, direct drive
Total power	350w
noise	≤65dB
power supply	AC220V 50Hz
weight	17kg
Dimensions	380X 260X 310mm

3. High Speed-Medical Centrifuge Feature And Application

The design of the High Speed-Medical Centrifuge is ergonomic, streamlined design, all-steel structure, stainless steel centrifugal cavity, safe and beautiful to use. TFT true color large-screen touch LCD display, intelligent control, simple and convenient operation, touch panel, simultaneous display.

4. Fields of use Product

High Speed-Medical Centrifuge is widely used in experiments with small sample quantity, many steps, large centrifugal force and low temperature requirement. Such as: biochemistry, genetic engineering, agriculture and forestry disciplines, food hygiene, hospital and other scientific research units of the laboratory of the separation of samples.

5. High Speed-Medical Centrifuge detail

Setting parameters and operating parameters

Brushless frequency conversion electric drive, quiet and clean operation
Dedicated key for centrifugal force display
Use silent mechatronics motor door lock
Equipped with damping device to reduce vibration and run smoothly
10 kinds of lifting speed options, the fastest ascending speed is 30 seconds, and the fastest descending speed is 30 seconds.
Various special rotors and adapters can be customized according to user requirements
Various functions can be customized according to customer needs, and the man-machine dialogue is intuitive and practical
Can store 20 user programs

6. Product Qualification

Jiahang Product has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

7. Deliver, Shipping And Servicing

We have a top R&D team returned from Europe and America, cooperate with our superb manufacturing team, professional sales team and dedicated service team, working together to provide customers with high-tech, high-quality products and efficient, convenient, Comprehensive pre-sales and after-sales professional services.

8. FAQ

How many years have your company made High Speed-Medical Centrifuge ?

22 years of scientific instrument manufacturer, laboratory solution provider!

Which certificate do you have for your products?

Jiahang has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

Will you attend the fair to show your products?

Yes, Every year we will participate in some internationally renowned exhibitions to launch our new products, such as Arablab, PICCTON, Analytica Russia, Lab Africa, Analytica Germany, Analytica Latin America and so on, we are looking forward to your visit.

How about your company's R&D strength

Possess strong R&D technical capabilities (a R&D team of more than 20 people, with an average degree of doctorate degree, graduated from well-known universities at home and abroad, with an average work experience of 8 years), able to deal with and solve product-related technical problems

If OEM is acceptable?

Provide OEM customization service, product built-in software has autonomy, can customize development settings

Are you a trading company or a manufacturer?

100% manufacturer, no middlemen and distributors make the price difference, the price of the source factory is very advantageous; Jiahang is headquartered in Shanghai, China, has 15 service outlets and 2 production plants in China, and has sales in more than 10 countries overseas proxy.

How about your delivery time?

"Generally, it will take 7 to 15 working days after receiving your advance payment. Depend on the quantity."

Which payment can be acceptable ?

We could accept the payment by L/C, TF, Paypal , Western Union,etc.

Service

We could provide Online instruction ; Real-time support by video-ca or voice-chat.

Any customer who cooperates for the first time promises to provide a production cost price trial opportunity to solve your worries about product quality problems.

Provide official product quality assurance documents that comply with legal benefits to escort you with worry-free after-sales service.
