

Medical centrifug

Medical centrifug Based on the difference of precipitation rate in centrifugal force field, the samples can be analyzed and separated.

1. Medical centrifug Introduction

Medical centrifug is suitable for experimental scientific research units such as biochemistry, medicine, pharmacy, clinical trials, food and environmental protection. It is a conventional equipment for separating and preparing suspended liquids.

2. Medical centrifug Parameter

Product name	JH-TDZ5
Maximum speed (r/min)	5000
Maximum centrifugal force (Xg)	4420
Maximum capacity	24X 5ml,12X 20m1, 18X 10ml, 24X 10ml , 4X50m1, 4 X 100ml
Speed accuracy	± 30r/min
Timing range	0-99h59min/Continuous/short-term centrifugation
Noise	≤60dB
Power supply	AC220V 50Hz
Weight (with rotor)	20kg
Dimensions (length X width X height)	500X 450X 280mm

3. Medical centrifug Feature And Application

The design of the Medical centrifuge conforms to ergonomics, streamlined appearance, all-steel structure, stainless steel centrifugal cavity, safer, more beautiful and practical.

Microcomputer control, TFT true color large-screen touch LCD display.

Driven by brushless frequency conversion motor, it runs quietly and cleanly.

Equipped with multiple shock absorption devices, with automatic balance function, stable operation.

Various special rotors and adapters can be customized according to user requirements.

Various functions can be customized according to user needs, and the man-machine dialogue is intuitive and practical

It can provide more than 20 working mode options, which can be programmed and called freely.

4. Fields of use Product

Medical centrifuge is widely used in experiments with small sample quantity, many steps, large centrifugal force and low temperature requirement. Such as: biochemistry, genetic engineering, agriculture and forestry disciplines, food hygiene, hospital and other scientific research units of the laboratory of the separation of samples.

5. Product Qualification

Jiahang Product has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

6. Deliver,Shipping And Serving

We have a top R&D team returned from Europe and America, cooperate with our superb manufacturing team, professional sales team and dedicated service team, working together to provide customers with high-tech, high-quality products and efficient, convenient, Comprehensive pre-sales and after-sales professional services.

7. FAQ

How many years have your company made Medical centrifug ?

22 years of scientific instrument manufacturer, laboratory solution provider!

Which certificate do you have for your products?

Jiahang has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

Will you will attend the fair to show your products?

Yes, Every year we will participate in some internationally renowned exhibitions to launch our new products, such as Arablabs, PICCTON, Analytica Russia, Lab Africa, Analytica Germany, Analytica Latin America and so on,we are looking forward to your visit.

How about your company's R&D strength

Possess strong R&D technical capabilities (a R&D team of more than 20 people, with an average degree of doctorate degree, graduated from well-known universities at home and abroad, with an average work experience of 8 years), able to deal with and solve product-related technical problems

If OEM is acceptable?

Provide OEM customization service, product built-in software has autonomy, can customize development settings

Are you a trading company or a manufacturer?

☎ 0086 17721148861
✉ bentian@jiahanglab.com

100% manufacturer, no middlemen and distributors make the price difference, the price of the source factory is very advantageous; Jiahang is headquartered in Shanghai, China, has 15 service outlets and 2 production plants in China, and has sales in more than 10 countries overseas proxy.

How about your delivery time?

"Generally, it will take 7 to 15 working days after receiving your advance payment. Depend on the quantity."

Which payment can be acceptable ?

We could accept the payment by L/C, TF, Paypal , Western Union,etc.

Service

We could provide Online instruction ; Real-time support by video-ca or voice-chat.

Any customer who cooperates for the first time promises to provide a production cost price trial opportunity to solve your worries about product quality problems.

Provide official product quality assurance documents that comply with legal benefits to escort you with worry-free after-sales service.
