

Softening point tester

Softening point tester perfectly combine high-precision temperature control technology and high-definition video camera technology, not only to provide users with accurate, stable and reliable test results, but also to bring users efficient and convenient test experience.

1. Softening point tester Introduction

.Innovation:

- 1: Test two samples at the same time;
- 2: Linear PID precise temperature control;
- 3: The stirring rate is continuously adjustable.

2. Softening point tester Parameter

Temperature range: room temperature to 220°C (<80°C distilled water conducts heat; ≥80°C glycerin conducts heat)

Resolution: 0.1°C

Stirrer: The speed of the agitator is continuously adjustable

Heating rate: 0.2,0.5,1.0,1.5,2.0,3.0,4.0,5.0 (°C /min)

Repeatability: <200°C: ±0.4°C

≥200°C: ±0.8°C

Instrument size: 400*300*280mm

Power source: 220V 50HZ 800W

Instrument weight: 11kg

3. Softening point tester Feature And Application

PID temperature precise control, digital display reading, high accuracy, stable performance, adopt GB8728-88 standard, conform to ASTM, DIN and ISO related standards.

4. Fields of use Softening point tester

The softening point tester is widely used to determine the dropping point and softening point of amorphous polymer compounds to determine its density, degree of polymerization, heat resistance and other physical and chemical properties. It is used for coal tar, asphalt, rosin, petroleum jelly, lubricating oil, The composition detection or quality control of synthetic resin and various ointments can replace the traditional Ubbelohde dropping point method.

5. Product Qualification

Jiahang Softening point tester has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

6. Deliver,Shipping And Serving

We have a top R&D team returned from Europe and America, cooperate with our superb manufacturing team, professional sales team and dedicated service team, working together to provide customers with high-tech, high-quality products and efficient, convenient, Comprehensive pre-sales and after-sales professional services.

7. FAQ

How many years have your company made Softening point tester ?

22 years of scientific instrument manufacturer, laboratory solution provider!

Which certificate do you have for your products?

Jiahang has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

Will you will attend the fair to show your products?

Yes, Every year we will participate in some internationally renowned exhibitions to launch our new products, such as Arablab, PICCTON, Analytica Russia, Lab Africa, Analytica Germany, Analytica Latin America and so on,we are looking forward to your visit.

How about your company's R&D strength

Possess strong R&D technical capabilities (a R&D team of more than 20 people, with an average degree of doctorate degree, graduated from well-known universities at home and abroad, with an average work experience of 8 years), able to deal with and solve product-related technical problems

If OEM is acceptable?

Provide OEM customization service, product built-in software has autonomy, can customize development settings

Are you a trading company or a manufacturer?

100% manufacturer, no middlemen and distributors make the price difference, the price of the source factory is very advantageous; Jiahang is headquartered in Shanghai, China, has 15 service outlets and 2 production plants in China, and has sales in more than 10 countries overseas proxy.

How about your delivery time?

☎ 0086 17721148861
✉ bentian@jiahanglab.com
🌐 www.jiahanglab.com
📞 0086 021 59904405

"Generally, it will take 7 to 15 working days after receiving your advance payment. Depend on the quantity."

Which payment can be acceptable ?

We could accept the payment by L/C, TF, Paypal , Western Union,etc.

Service

We could provide Online instruction ; Real-time support by video-ca or voice-chat.

Any customer who cooperates for the first time promises to provide a production cost price trial opportunity to solve your worries about product quality problems.

Provide official product quality assurance documents that comply with legal benefits to escort you with worry-free after-sales service.
