

Aluminum Alloy Vent Plug

We have our own factory for JIXIANG CONNECTOR® Aluminum alloy vent plug where we work closely with you from product development through bulk production and help you find saving you time and money while achieving the results you want. We serve our customers with professionalism and first-class standards, as well as a reasonable price system, and are well received by customers at home and abroad. We

look forward to cooperating with you.

Product Description

These are related to the JIXIANG CONNECTOR® Aluminum Alloy Vent Plug news, in which you can learn about the updated information in Aluminum Alloy Vent Plug, to help you better understand and expand Aluminum Alloy Vent Plug market. Because the market for Aluminum Alloy Vent Plug is evolving and changing, so we recommend that you collect our website, and we will show you the latest news on a regular basis. Any inquiries and problems please feel free to send emails to us and we will reply you soon.

Breathable Aluminum Alloy Vent Plug China

JIXIANG CONNECTOR® Aluminum alloy vent plug, protect the inside equipment operation normally and long in the serious environment.

When enclosure and containers are exposed to a wide range of temperatures that can destabilize pressure and enclosure could fail or even cause containers to burst.

The result could lead to an expensive product failure or significant clean-up. The Aluminum Alloy Vent Plug can rapidly equalize pressure to increase service life,

effectively manage condensation, avoid enclosure damage to reduce any additional maintenance and replacement costs.

Aluminum alloy vent plug Parameter (Specification)

Aluminum alloy vent plug - Size Chart					
Product	Size	Air	Thread	Total	Spanner

Code		permeability	length(mm)	length(mm)	size(mm)
JX-M5-AVP	M5*0.8	≥1.2L/min/cm 70mbar	7	13	12
JX-M6-AVP	M6*1		7	13	12
JX-M8-AVP	M8*1.25		10	18	17
JX-M10-AVP	M10*1.5		10	18	17
JX-M12-AVP	M12*1.5		10	18	17
JX-M16-AVP	M16*1.5		10	19.5	22
JX-M24-AVP	M24*1.5		15	24	36
JX-M40-AVP	M40*1.5		15	24	56

The Feature And Application of Aluminum alloy vent plug

Function of Aluminum alloy vent plug:

1. Waterproof and dustproof, moisture and condensation and build a barrier to contaminants
2. Aluminum alloy vent plug, protect the inside equipment operation normally and long in the serious environment
3. Heat dissipation, replace or assist in heat sink to lower inside temperature.
4. Prolong the product's service life, equalize internal pressure to prevents leaks

The Aluminum Alloy Vent Plug is the best solution to use under the tough environment and installing on the side face of enclosures is effective for outdoor use.

It's simple to use, just drill a hole in your housings, insert the front-side of the Aluminum Alloy Vent Plug in, tighten on the lock nut

Widely used in Automotive, Electronics, Packaging, Portable Electronic Devices, Printing etc

Aluminum alloy vent plug Details

Thread Size: Metric Thread

Material: Aluminum alloy

Product Certification: CE

Protection Degree: IP68

Working temperature: -40 °C to 100 °C, short time up to 150 °C.

Aluminum alloy vent plug Qualification

Certificates of Aluminum alloy vent plug: CE, IP68

Deliver,Shipping And Serving of Aluminum alloy vent plug

Normally 15 working days to 1 month after received the payment for orders of more than 1000pcs

It will need 3 to 10 days after received the payment for orders of less than 1000pcs

FAQ:

Q: What are the main applications of Aluminum alloy vent plug?

A: Aluminum alloy vent plug is mainly used in automotive parts, outdoor lighting, communication equipment, circuit control, motor, new energy and other fields.

Q: How to choose Aluminum alloy vent plug correctly?

A: Selection and use of Aluminum alloy vent plug direction, installation size, working temperature, breathable requirements, protection requirements and other items related to the specific consulting company sales staff.

Q: What are the characteristics of Aluminum alloy vent plug?

A: The main features of Aluminum alloy vent plug are dustproof, waterproof and breathable.
