

Nylon Breathable Vent Plug

You can rest assured to buy JIXIANG CONNECTOR® Nylon Breathable Vent Plug from our factory and we will offer you the best after-sale service and timely delivery. It can be seen from our rich product series that we have excellent research and development capabilities, and our factory equipment is advanced, which can meet most of your needs. We work for cable glands, brass breathable vent plug, nylon breathable vent plug, etc. We are working hard for this, from the early material procurement to the later packaging and transportation, we strive to be the best. There is no need to wait until tomorrow to choose and cooperate with Yueqing Jixiang Connector CO., LTD

Product Description

The following is the introduction of high quality JIXIANG CONNECTOR® Nylon Breathable Vent Plug, hoping to help you better understand Nylon Breathable Vent Plug. Welcome new and old customers to continue to cooperate with us to create a better future! With competitive prices and reliable delivery services, we are expecting to become your long-term partner in China.

China Nylon Breathable Vent Plug IP68

JIXIANG CONNECTOR® Nylon breathable vent plug, protect the inside equipment operation normally and long in the serious environment.

The enclosures and containers are not as durable as people think, under the influence of seals failure, condensation and contamination, prone to leakage and structural failure.

The high quality Nylon Breathable Vent Plug from Jixiang Connector, can prevent the worst from happening.

The Nylon Breathable Vent Plug can effectively block contaminants such as dirt, dust or salts and reliably protect against water and other liquids.

Nylon Air Vent Plug Parameter (Specification)

Nylon Breathable Vent Plug Size Chart

Product Code	Size	Thread length(mm)	Spanner size(mm)	air permeability
JX-M5-NVP	M5X0.8	7mm	12	≥1.2L/min/cm ² @70mbar
JX-M6-NVP	M6X1	7mm	12	≥1.2L/min/cm ² @70mbar
JX-M8-NVP	M8X1.25	10mm	17	≥1.2L/min/cm ² @70mbar
JX-M10-NVP	M10X1.5	10mm	17	≥1.2L/min/cm ² @70mbar
JX-M12-NVP	M12X1.5	10mm	17	≥1.2L/min/cm ² @70mbar
JX-M16-NVP	M16X1.5	10mm	22	≥1.2L/min/cm ² @70mbar
JX-M24-NVP	M24X1.5	15mm	36	≥1.2L/min/cm ² @70mbar
JX-M40-NVP	M40X1.5	15mm	56	≥1.2L/min/cm ² @70mbar

The Feature And Application of Nylon breathable vent plug

1. Waterproof and dustproof, the protection level can reach IP68 when using O-ring.
2. Nylon breathable vent plug, protect the inside equipment operation normally and long in the serious environment.
Heat dissipation, replace or assist in heat sink to lower inside temperature.
4. More durable: Compare with the traditional moisture membranes, because they bolt-on rather than just stick on.
5. Prolong the product's service life, effectively manage condensation, avoid enclosure damage to reduce any additional maintenance and replacement costs.

Nylon Breathable Vent Plug are widely using for Automotive Braided Fuel Lines Hose, Oil, Gas, Water, Fluid and Air Line.

Nylon Air Vent Plug Parameter Details

Nylon breathable vent plug

Thread Size: Metric Thread

Material: Nylon PA66

Product Certification: CE

Protection Degree: IP68 (Using O-ring)

Working temperature: -40 °C to 100 °C, short time up to 150 °C.

Color: Grey, white and black.

Nylon Air Vent Plug Parameter Qualification

Certificates of Nylon breathable vent plug: CE, IP68, ROHS

Deliver,Shipping And Serving

Delivery of Nylon breathable vent plug: Normally 15 working days to 1 month after received the payment.

FAQ:

Q: What are the main applications of Nylon breathable vent plug?

A: Nylon breathable vent plug is mainly used in automotive parts, outdoor lighting, communication equipment, circuit control, motor, new energy and other fields.

Q: How to choose Nylon breathable vent plug correctly?

A: Selection and use of Nylon breathable vent plug direction, installation size, working temperature, breathable requirements, protection requirements and other items related to the specific consulting company sales staff.

Q: What are the characteristics of Nylon breathable vent plug?

A: The main features of Nylon breathable vent plug are dustproof, waterproof and breathable.

Q: Can Nylon breathable vent plug be customized?

Q: The Nylon breathable vent plugs need to be mould and custom-made.
