

## T type 3 Way Waterproof Connector

T type 3 way waterproof connectors are widely used in outdoor systems, lighting, watercraft, and machinery. Jixiang Connector is a professional manufacturer from China, which supply high quality T type 3 Way Waterproof Connector is made from durable plastic and copper alloy and will withstand all of the outdoor elements.

### Product Description

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality JIXIANG CONNECTOR® T type 3 Way Waterproof Connector. We look forward to cooperating with you. We have achieved remarkable success in this domain as a result of our focused approach, timely delivery, and ethical company philosophy.

#### Outdoor Terminal Wire Screw IP68 T type 3 Way Waterproof Connector

T type 3 Way Waterproof Connector are designed with specific sealing O-rings to prevent water ingress, allows for the easy extension of wires, offer many of the benefits that conventional metal circular connectors do not.

T type 3 way waterproof connectors are widely used in outdoor systems, lighting, watercraft, and machinery. For example, there is a high demand for waterproof connectors in marine technology where potential risks include saltwater vapor and submersion.

Other industries include offshore oil exploration, data communication installations, transportation, and military equipment.

Jixiang Connector is a professional manufacturer from China, which supply high quality T type 3 Way Waterproof Connector is made from durable plastic and copper alloy and will withstand all of the outdoor elements.

### **Feature And Application of T type 3 Way Waterproof Connector**

JIXIANG CONNECTOR T type 3 Way Waterproof Connector provide the highest degrees of functionality and safety.

Made from Nylon PA66 can resistant to Salt water, gasoline, alcohol, oil, grease, ester keyton ether, benzene, common solvent, weak acids & weak alkalies.

High degree protection level : IP68 waterproof / moisture-proof / dust-proof. Rubber ring + clamping nut for perfect watertightness, excellent sealing, safe for indoor, garden and outdoor lighting connections and external wiring.

Faster installation: no screwdriver needed. Open one end of the waterproof connector, feed the wire directly through, tighten the nut to change the inside diameter of the washer by turning the washer, then tighten to complete the waterproof seal and save time

Widely Application: Base station equipment, outdoor lamps, solar energy industry, high-power energy storage equipment, etc

Further applications in coastal, river, sea or underwater engineering, underground engineering, mining engineering, solar-wind power, solar water heaters, various machinery and equipment.

### The Details of T type 3 Way Waterproof Connector

Thread Specification: Metric Thread

Material: The PA66 Cable Gland dbody parts are made of PA66.

Rubber is EPDM.

Working Temperature: -40°C ~ +105°C

Connector type: Screw/Clip

Wiring Gauge: 0.5 - 2.5mm<sup>2</sup>

Voltage and Current rating:

400V / 17.5A

Protection level : IP 68-10 bar, waterproof, self-locking.

Colours: Black, White, other color available upon request

IP68 Waterproof Connector has prominent characteristics of high pressure resistance, heat resistance, explosion protection and corrosion resistance.

### T type 3 Way Waterproof Connector Qualification

Certificates of T type 3 Way Waterproof Connector: CE, ROHS, IP68, ISO9001

### Deliver,Shipping And Serving of T type 3 Way Waterproof Connector

Delivery of PA66 Cable Gland : Normally 7 working days to 1 month after received the payment.
