

200kw Inverter

200kw Inverter is low frequency pure sine wave inverter, is the latest product, set of digital information and network as one of the high intelligent products, with a strong information collection systems, signal processing systems, detection systems and improve protection system. Widely used in various electrical environments, personalized design, friendly man-machine dialogue function, touch-screen LCD display is the latest development of the power display module, using the most popular, most intuitive graphical user interface.

Compared with the general LCD display module, this touch screen display module without complicated steps, users press the analog button on the monitor to get the appropriate information, easy to understand; while module comes with touch screen display and real-time clock and memory additional setup information. It has complete protection function, input over/low voltage, overload, short circuit, low battery voltage, over temperature etc.

Welcome to wholesale and buy customized 200kw Inverter from our factory. Our factory specializes in manufacturing of 200kw Inverter, as one of the professional China 200kw Inverter manufacturers and Inverter suppliers, we are strong strength and complete management. Also, we have own exporting license. We mainly deal in making a series of 200kw Inverter and so on. You are welcomed to come to our factory to buy the latest selling, newest, cheap, fashion and high quality 200kw Inverter. You can rest assured to buy discount product from us. We look forward to cooperating with you, if you want to know more, you can consult us now, we will reply to you in time!

DC to AC pure sine wave solar 3 phase 200kw inverter

1.Product Introduction

This 200kw off grid solar inverter is low frequency pure sine wave inverter, is the latest product, set of digital information and network as one of the high intelligent products, with a strong information collection systems, signal processing systems, detection systems and improve protection system. Widely used in various electrical environments, personalized design, friendly man-machine dialogue function, touch-screen LCD display is the latest development of the power display module, using the most popular, most intuitive graphical user interface. Compared with the general LCD display module, this touch screen display module without complicated steps, users press the analog button on

the monitor to get the appropriate information, easy to understand; while module comes with touch screen display and real-time clock and memory additional setup information. It has complete protection function, input over/low voltage, overload, short circuit, low battery voltage, over temperature etc.

2.Product Parameter (Specification)

Mode	GK200K
Rated power	200KW
Battery Voltage	360VDC (or 384VDC)
Phase	Three-phase+N+G
Output voltage	380VAC±1%(Steady state load) 380VAC±3%(Load fluctuation)
Invert output frequency	50Hz±1%
Current peak ratio	3: 1 MAX
Output waveform	Pure sine wave
Total harmonic distortion	Linear load < 3%; nonlinear load < 5%
Transient load voltage transients	< ±5% (from 0 to 100%)
Balance load voltage	< ±1%; < ±5% (Unbalanced load voltage)
Overload capacity	100%~110%:30s;110%~130%:10s;>130%:1s
Inverter efficiency	>89%
AC Input voltage	380VAC±25%
AC input Frequency	50Hz±10%
AC charger	5A~40A (optional)
communication interface	RS232, (485,snmp, Optional)
Display	Large Touch Screen + LED
Operating temperature	0~55℃
Relative humidity	30%~90% (non condensing)
Operating altitude (maximum)	< 1000Meters (every increased 1000Meters decrease power1%, highest 5000Meters)
cooling method	Forced air cooling
NoisedB	≤58dB Distance to machine1M
Case color	Black or White
Easy maintenance	The front / upper / left and right sides can be opened.
Size(L*W*H)mm	1210*900*2000mm
Weight(kg)	1150kg
* Tips: if you need 220V400V/415V/440VAC, please feel free to contact us.	

3.Product Feature and Application

Foshan Sunrise Energy Technology Co., Ltd.

Address:Guangfo Intelligent Park, Dali St. Nanhai District, Foshan City, Guangdong Province, China

Tel:+86-13516583501

E-mail:william@srsolarpower.com

Main Features:

- ◆ Three phase 200kw inverter;
- ◆ Battery voltage: DC 360V or 384V;
- ◆ AC Output voltage: AC 220/380/400/415V;
- ◆ Pure sine wave output;
- ◆ Completely auto stable voltage output;
- ◆ 50HZ, 60HZ automatically detect output conversion;
- ◆ Automatic switch, realize unattended function; avr output,
- ◆ With AC bypass input, with AC charger;(optional)
- ◆ Applying to capacitive load, inductive load and nonlinear mixed load;
- ◆ Protection system: Over high or over low voltage input & output protection, overload, short circuit, low battery voltage, improper operation, over temperature output protection etc.

Application:

This is a hybrid solar inverter 200kw for off grid solar system, can connect AC grid/ generator input for backup.

4.Product Details

This 200kw off grid solar inverter has a touch screen display, LED+LCD, which is

Foshan Sunrise Energy Technology Co., Ltd.

convenient for users to view information intuitively.

- ①LED status indication ----- Indicate working status
- ②LCD display ----- View a variety of data
- ③Input switch----- Control bypass input
- ④Battery switch ----- Battery control input
- ⑤Maintenance Bypass Switch-----Controlled AC bypass
- ⑥Output switch ----- Control voltage output
- ⑦Terminal block ----- Connect the input, output, battery, ground

5.Product Qualification

Rich production experience & strict quality control. Before leaving the factory, each solar inverter 200kw has undergone strict inspections.

6. Delivery, Shipping and Serving

Low frequency solar inverter standard export packaging, suitable for various transportation channels. For the hot-selling series of inverter solar 200kw, we have sufficient material inventory, which greatly shortens the delivery time.

7. FAQ

Q: What's the delivery time of this solar inverter 200kw?

A: some in stock; 10 to 25 days for bulk order.

Q: Is it a solar hybrid inverter 200kw?

A: yes, this 150kw inverter can connect AC grid / generator for backup

Foshan Sunrise Energy Technology Co., Ltd.

Address: Guangfo Intelligent Park, Dali St. Nanhai District, Foshan City, Guangdong Province, China

Tel: +86-13516583501

E-mail: william@srsolarpower.com

www.srsolarpower.com

Q: Is it a 380v solar inverter?

A: DC can be 360V or 384V; AC can be 220V/380V/400V/415V/440V

Q: Is it an off grid solar inverter?

A: yes, off grid solar inverter 150kw.

Q: What is the warranty of this 200kw solar power inverter?

A: One year warranty.

Q: What's the payment term of this solar 3 phase inverter?

A: T/T, Western Union, Paypal, L/C.
