

## Brass Hex Nut

Brass Hex Nuts are a type of hex nut, and they are a very common and practical nut. Brass Hex Nuts are made of very durable brass, high strength, non-deformation, wear and corrosion resistance. Besides, our company also produces other precision fasteners of different types and materials. Our price is excellent and the quality is excellent, and we look forward to becoming your long-term partner in China.

### 1.Product Introduction

These Brass Hex Nuts are made from high-quality brass to resist rusting and have closely spaced threads to prevent loosening from shock. Brass Hex Nut thread is deep, neat and clean, not easy to peel off when rotating, stable and reliable. The hexagon makes it easy to operate and has a good texture, which greatly improves your work efficiency.

### 2.Product Parameter

Product Name	Brass Hex Nut
Material	Alloy, Stainless steel etc.
Surface Treatment	Knurled, Plating etc.
Package	Plastic bag and carton
Used	Building industry machinery etc.

### 3.Product features and applications

Brass Hex Nuts are made of high-quality brass with high hardness, no deformation, durable and reliable for long-term use. Robust Brass Hex Nuts are highly resistant to rollover, preventing the nut from weakening and loosening under vibration and torque to enhance locking force. They are usually used with washers with the same opening diameter.

### 4.Product Details

Below is the detailed picture introduction of our product Brass Hex Nuts.

The images shown are representative of the product. In addition, we also have products of various sizes and materials for you to choose from.

### **5.About our company**

Brass Hex Nuts are one of our products, We also have a wide variety of products and different materials for you to choose from. If you are not satisfied with our products or have any questions, please feel free to contact us. We will formulate a satisfactory. We have a deep focus on the quality, delivery and operational performance of all the products we deliver. We specialize in the production of precision fasteners, and We are committed to providing impeccable quality products at relatively lower prices than our peers to meet the needs of different customers. Look forward to working with you.
