

## Bunched Cable Strain Clamp

Model: NXJ-1A/NXJ-2A

NXJ-A series bunched cable strain clamps (tension clamps) are used to fix and tighten 1KV LV ABC lines or overhead line with insulated neutral messenger.

### Product Introduction

NXJ-A series bunched cable strain clamps (tension clamps) are used to fix and tighten 1KV LV ABC lines or overhead line with insulated neutral messenger.

- Made in four (two)-core paralleled groove paralleled gap structure. Put the four insulation cables into clamp according to circuit design without peeling off the coat, then tighten the bolt to bunch it.
- For inner block and filling pole with high strength, anti-climate resistance insulation plastic, It can be used for a long term.
- Adopting wedge type self-tighten structure, after tightening the ring, it will be fixing, and get a quite big grasp strength.
- The cover plate adopts high strength aluminum alloy materials, light weight, and reduce the eddy current loss; (aluminum alloy strain clamp proprietary features of cluster).
- Products increased by six angle fixing device, more convenient installation (aluminum alloy strain clamp proprietary features of cluster).
- Easy to install without stripping, equipped with bolt.

### FEATURE:

1. It adopts four (two)-core paralleled groove paralleled gap structure. Put the four insulation cables into clamp according to circuit design without peeling off the coat, then tighten the bolt to bunch it.
2. For inner block and filling pole with high strength, anti-climate resistance insulation plastic, It can be used for a long term;
3. Adopting wedge type self-tighten structure, after tightening the ring, it will be fixing, and get a quite big grasp strength.
4. The cover plate adopts high strength aluminum alloy materials, light weight, and reduce the eddy current loss; (aluminum alloy strain clamp proprietary features of cluster)

5.Products increased by six angle fixing device, more convenient installation.(aluminum alloy strain clamp proprietary features of cluster)

#### TECHNICAL DATA:

Model	Cable Size (mm <sup>2</sup> )	Grip (KN)
NXJ-1A	16-50	11.7
NXJ-2A	70-120	17.3

#### APPLICATIONS

## SENTUO

Professional Manufacturer Of Electric Power System Equipment  
And Accessories For Low And Medium Voltage.

## PRODUCTION LINE

## COMPANY VIEW

## ABOUT US

ZHEJIANG SENTUO ELECTRIC CO.,LTD

is the professional manufacturer of high quality low voltage ABC accessories, was founded in 2008. Our main products include Insulation piercing connectors, anchoring clamps, suspension clamps, Strain clamps, Insulated joints and lugs, resin-filled waterproof junction box, street light junction box and heavy duty connectors.

### FAQ:

Q1: Are you a trading company or factory?

A2: We are the factory, and we are the supplier of 35% company in this field.

Q2: Are you able to customize the product for me?

A2: Yes, we own the professional R&D team and complete Injection molding machine.

Q3: What is the acceptable payment term?

A3: Credit Card, West Union, Paypal or T/T.

Q4: What is the package could be?

A4: We can make special design as your requirement.

Q5: What is your day capacity?

A5: 10000-20000pcs
