

## J Hook Suspension Clamp

Model:HC-8-12

J Hook Suspension Clamp designed to suspend ADSS round optical fiber cable during the construction of transmission line. The Suspension Clamp consists of plastic inserts, which clamps the optical cable without damaging.

### Product Introduction

Sentuo is a China-based suspension clamp manufacturer with UL CE ROHS ISO9000 SGS CQC certificate 10 years. The price of our suspension clamp is low in market with high quality control. We can provide free sample of suspension clamp for test. Hope we can provide best quotation for you to cooperate with you in the future.

### Product Introduction of suspension clamp

#### Suspension Clamps For Self-Supporting Insulated Wire

Use: PSP25-120 suspension clamp is used for the suspension of ABC insulated messenger and we prepare many suspension clamp in stock. SENTUO Brands suspension clamp can be used in straight lines and line angles. Maximum line angle is 90 degrees.

Suspension clamp is designed for supporting Insulated Aerial Cable (ABC) having messenger cable size ranging from 25 to 120mm<sup>2</sup> in straight and at angles. Suspension Clamp, is generally used for telling about all the types of the clamps which are hung for the conductors or cables to the pole or tower.

The body of the suspension clamp is supplied with the tightening piece consisting of screw and clamp, enabling the messenger cable to be fitted (locked) in to the suspension groove. The metal hook of suspension clamp allows installation on the pole by using stainless steel band and pigtail hook or brackets. The hook of ADSS clamp can be produced from stainless steel materials according to your request.

## Product Parameter (Specification) of suspension clamp

Type.	Suitable wire(mm <sup>2</sup> )
SC50	16-50
SC95	50-95
SC150	120-150
HC-8-12	25-50
PSP 25-120	4x25-4x120
SL1500	16-95
SL2500	16-95
SL95	16-95
SL1.1A	16-95

## Product Feature And Application of suspension clamp

Sentuo durable suspension clamp are suitable for all markets and all purposes of use. They are Fast and Easy to install , Strong in connection and easy maintainable .

### Product Details

**Construction:** The aluminium body of the suspension clamp is coated all over with plastic, except for the upper U-shaped portion where the suspension clamp is hung on the pole hook.

### Product Qualification

We have our own lab and R&D department , engineer also can help you with dealing any technical problems .

As a professional suspension clamp manufacturers and suppliers, SenTuo has its own brands. Besides suspension clamp can also be customized and also support wholesale. If you are interested in our products, we will provide you free sample. Welcome to buy our products from our factory.

a trading company or factory?

A2: We are the factory, and we are the supplier of 35% company in this field.

Q2: Are you able to customize the product for me?

A2: Yes, we owns the professional R&D team and complete Injection molding machine.

Q3: What is the acceptable payment term?

A3: Credit Card, West Union, Paypal or T/T.

Q4: What is the package could be?

A4: We can make special design as your requirement.

Q5: What is your day capacity?

A5: 10000-20000pcs

J Hook Suspension Clamp designed to suspend ADSS round optical fiber cable during the construction of transmission line. The ADSS Suspension Clamp consists of plastic inserts, which clamps the optical cable without damaging. A wide range of gripping capacities and mechanical resistance archived by wide product range, with different sizes of neoprene inserts.

J Hook Suspension Clamp designed to suspend ADSS round optical fiber cable during the construction of transmission line. The Suspension Clamp consists of plastic inserts, which clamps the optical cable without damaging.

The metal hook of Suspension Clamp allows installation on the pole by using stainless steel strap and pigtail hook or brackets.

- Easy to install without damage
- The clamp is made of hot-dip galvanized steel and weather resistant material
- Standard: EN 50483-2

#### **Installation:**

##### **1. Suspended from a hook bolt**

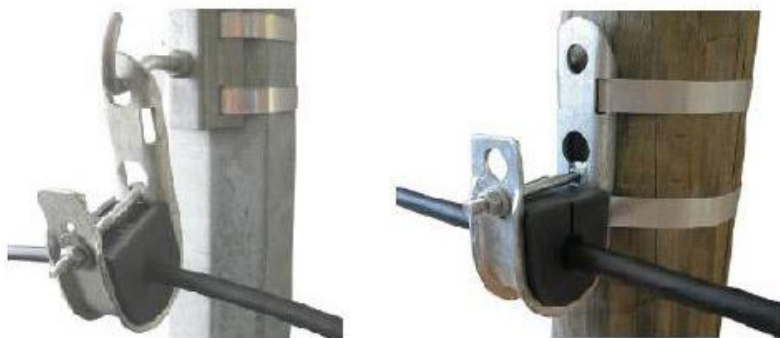

The clamp can be installed on a 14mm or 16mm hook bolt on drilled wood poles.

##### **2. Secured with pole banding**

The clamp can be installed on wood poles, round concrete poles and polygonal metallic poles using one or two 20mm pole bands and two buckles.

### 3. Bolted

The clamp can be secured with a 14mm or 16mm bolt on drilled wood poles.

#### TECHNICAL DATA:

Model	HC-8-12
Cable Size (mm <sup>2</sup> )	25-50
Material of Body	alvanized steel

#### PACKAGE:

# Test

1、Pressure test

2、Spectrometer operation test

Pressure test

# Production Line

# Why Choose Us?

Our company has consistently adhered to put the quality of products and after-sale services in first place. All staff take the purpose "serve power industry with science and technology", aim to create "SENTUO" brand concept and hand in hand with the vast number of power supply elite to contribute our strength for the prosperity and development of China's power industry.

## Tested according to international and many national standards

## Professional modern factory providing OEM, ODM service.

## Practical application

## Pack and ship
