

230 super Large Customization Machine

The Pinsheng® is a professional leader China 230 super Large Customization Machine manufacturer with high quality and reasonable price. Welcome to contact us. Ningbo PinSheng Machinery Manufacturer as one of professional EPS machine in China,we make the high quality EPS machine.exported to Southeast Asia, Vietnam, Malaysia and other regions, production of popcorn sports insoles.

Product Description

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality 230 super Large Customization Machine. We look forward to cooperating with you.

230 super Large Customization Machine

The Pinsheng® 230 super Large Customization Machine Specifications:

Model:PSM230

Brand: PinSheng

Voltage:AC380V 50Hz

Power: 25kw

Warranty period :1 year

Room Height Required :5m

Distance of Opening mold :150-1500mm

Color:Customization

Mechanical Structure:

1. Weld together with high-intensity square tube and avoid deformation of the template by tempering.
2. Increase the anticorrosion performance and useful life of the equipment largely after derusting by sandblast.
3. Spray zinc-rich primer for antirust to increase the antirust performance and useful life of the equipment largely after sand blasting.

Electric Control:

1. Controlled by PLC(Mitsubishi) with full-automatic operation in clamping,feeding,heating,cooling and stripping on HMI(WEINVIEW)
2. All the electrical components are adopted with well-known brands at home and abroad with

more excellent equipment stability.

3. Stroke adjustment is controlled by encoder ,which is convenient ,which is convenient to adjust with high precision by setting on HMI.
