

Eps Automatic Moulding Machine

We, Ningbo PinSheng Machinery Co.,Ltd, is professional EPS machine and mould manufacturers in China, we manufacturer and sell Pinsheng® EPS Pre-Expander, EPS Automatic Moulding Machine, EPP machine ETPU machine, EPS moulds to clients not only domestic but also worldwide. Our quality is super and our price is competitive. We will be your good and long term cooperation partner if you are interested in above

machine and moulds.

Product Description

We've been also concentrating on bettering the things management and QC method in order that we could continue to keep terrific benefit inside the fiercely-competitive company for wholesale big discount Eps Automatic Moulding Machine, Welcome all nice buyers communicate specifics of products and ideas with us!!

wholesale big discount Eps Automatic Moulding Machine, They're durable modeling and promoting well all over the world. Under no circumstances disappearing key functions in a brief time, it's a ought to in your case personally of fantastic quality. Guided by the principle of Prudence, Efficiency, Union and Innovation. the business make an awesome efforts to expand its international trade, raise its enterprise. rofit and improve its export scale. We're confident that we'll have a vibrant prospect and to be distributed all over the world in the years to come.

We are providing qualify EPS Automatic Moulding Machine to worldwide clients, our machines are loved by customers because of their accuracy and high production efficiency.

Model:PSSM1412

Brand: PinSheng

Product Parameter (Specification)

1.Mechanical structure	Our Pinsheng® EPS Automatic Moulding Machine apots good quality steel plate,all the formwork is tempered at high temperature and shot peening at high pressure . It has high strength and high surface hardness. All templates are processed by CNC to ensure accuracy
2.Steam System	Our EPS Automatic Moulding Machine provides long range control system reducing valve for stabilizing flow, with control accuracy±0.2 Bar.
3.Electrical	Our EPS Automatic Moulding Machine adopts all worldwide well-known

control	<p>components, such as Taita touch screen,Low-voltage electrical appliances are with the brand Schneider.</p> <p>Through steam pressure,main steam pressure,demoulding,air cooling,and pressurized feeding all adopt remote pressure regulating system,valves open and close according to the set pressure ratio, it is very easy to operate.</p>
4.Hydraulic System	<p>A digital encoder of the EPS Automatic Moulding Machine is used to control the stroke distance of mold opening and clamping,it can keep the safety protection function of the mechanical,hydraulic and electrical tripe interlocking so as to meet the safety standard.</p>

Product Feature And Application

Pinsheng® EPS Automatic Moulding Machine is widely used in all countries as our daily life is full with the EPS product. With EPS automatic Moulding Machine, you could produce all kinds of current EPS products and also you could produce any new EPS products if you want. It could bring you great business chance!
