

EPS Block CNC Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of the leading EPS Machine manufacturers in China, we are also providing Pinsheng® EPS Block CNC Moulding Machine to worldwide clients, our machines are loved by customers because of their reliability and low energy consumption. If you are interested in EPS Block Cnc Moulding Machine, we will be your best Choice!

Product Description

Sticking towards the principle of "Super High-quality, Satisfactory service", We've been striving to become a superb business partner of you for Top Grade Low Price Pinsheng® EPS Block CNC Moulding Machine, As a leading manufacture and exporter, we take pleasure in a great name in the international markets, especially in America and Europe, because of our top quality and realistic charges.

Top Grade Low Price EPS Block CNC Moulding Machine, Our company insists on the principle of "Quality First, Sustainable Development", and takes "Honest Business, Mutual Benefits" as our developable goal. All members sincerely thank all old and new customers' support. We'll keep working hard and offering you the highest-quality goods and service.

Model:PSBC2000-8000A

Brand: PINSHENG

1. Control System	Variable frequency stepless speed regulation. Guide rail drive to smooth cutting of products. Motor speed reducer is integrated.
2. Structure Design	Welded by square tube and steel, compact in structure and beautiful in appearance. High-power gear transformers.
3.Processes	Cut horizontally and vertically, suitable for long block products. Neutral reset device.
4. Production Efficiency	Reduce spare time for 3-10min.High cutting efficiency.

Product Parameter (Specification)

Item	Unit	PSBC2000A	PSBC3000A	PSBC4000A	PSBC6000A	PSBC8000A
Max Cutting	mm	2000*1250*	3000*1250*	4000*1250*	6000*1250*	8000*1250*1

Size			1300	1300	1300	1300	300
Heating Wires Amount	Cutting Size	pcs	80	80	80	80	80
	Vertical	pcs	30	30	30	30	30
Working Speed		m/min	0-1.8	0-1.8	0-1.8	0-1.8	0-1.8
Connected Load/Power		kw	21	21	21	21	21
Overall Dimension(L*W*H)		mm	4800*1900*2500	5800*1900*2500	6800*1900*2500	8800*1900*2500	10800*1900*2500
Weight		kg	1000	1600	1800	2200	2600

Product Feature And Application

EPS Block CNC Moulding Machine is commonly used for cutting polyfoam , polyform is widely used as packing material for fruit,vegetables,electrical and insulation panels for building. The main frame of Pinsheng® EPS Block CNC Moulding Machine is made of rectangular steel pipe and various special connectors, with stable movement, reasonable structure, stable performance, high precision, advanced technology and easy operation. Using this product can save time, labor and raw materials.

Deliver,Shipping And Serving

FAQ

1.Where is your factory located?

We have 2 production plant, one plant locates in Hangzhou which professionally producing EPS/EPP/ETPU machine. Another factory locates in Jiangsu Provide which producing EPS/EPP/ETPU mould. Both two factories are pretty close to the Shanghai port for easiest transportation.

2.Do you have detailed and professional installation manual?

We will provide very detailed installation manuals and videos, and the service until you are satisfied

3.Are you a trading company or a manufacturer?

We are manufacturer.

4.Q:How long is your delivery time of EPS Block CNC Moulding Machine?

Normally delivery time is 30~45 days.

5.Q:How many years have your company made this kind of equipment?

More than 10 years.

6.Q:Can I only buy some spare parts of EPS Block CNC Moulding Machine from you?

Yes, we also provide all kinds of spare parts that relatives to our machine.

7.How do you pack the equipment?

We will strengthen and protect the equipment to ensure that they will not be damaged during transportation.

8.Q:Can you send your staff to install the equipment for us?

Under normal conditions, it is possible. Now it is an epidemic situation. We will try our best to assist in case we cannot send technician in time. We will also conduct video connections with guests to teach them to install them in place.

9.Q:Can you can design the equipment according to our size?

Yes, it is acceptable

10.Q:How many production lines in your factory?

We have total 10 production line.
