

Polystyrene Automatic Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of the Professional EPS Machine manufacturers in China, we produce EPS Pre-expander, Pinsheng® Polystyrene Automatic Moulding Machine, our company passed and had been approved for the CE certificate, ISO 9001:2008 Quality Management System Certificate and have more than 50 patents. Welcome to contact with us if any of our machine draw your attentions!

Product Description

All we do is usually connected with our tenet " Client very first, Belief first, devoting about the food stuff packaging and environmental security for Top Grade Cheap Price Polystyrene Automatic Moulding Machine, As we're moving forward, we maintain an eye on our ever-expanding item range and make improvement to our expert services.

Pinsheng® Top Grade Cheap Price Polystyrene Automatic Moulding Machine, We've customers from more than 20 countries and our reputation has been recognized by our esteemed customers. Never-ending improvement and striving for 0% deficiency are our two main quality policies. Ought to you want anything, don't hesitate to contact us.

We are providing qualify Polystyrene Automatic Moulding Machine to worldwide clients, our machines are loved by customers because of their accuracy and high production efficiency.

Model: PSSM1412

Brand: PinSheng

Product Parameter (Specification)

1. Mechanical structure	Our Polystyrene Automatic Moulding Machine apots good quality steel plate, all the formwork is tempered at high temperature and shot peening at high pressure . It has high strength and high surface hardness. All templates are processed by CNC to ensure accuracy
2. Steam System	Our Polystyrene Automatic Moulding Machine provides long range control system reducing valve for stabilizing flow, with control accuracy ± 0.2 Bar.
3. Electrical control	Our Polystyrene Automatic Moulding Machine adopts all worldwide well-known components, such as Taita touch screen, Low-voltage electrical appliances are with the brand Schneider. Through steam pressure, main steam pressure, demoulding, air cooling, and pressurized feeding all adopt remote pressure regulating system, valves

	open and close according to the set pressure ratio, it is very easy to operate.
4.Hydraulic System	A digital encoder of the Polystyrene Automatic Moulding Machine is used to control the stroke distance of mold opening and clamping,it can keep the safety protection function of the mechanical,hydraulic and electrical tripe interlocking so as to meet the safety standard.

Product Feature And Application

Pinsheng® Polystyrene Automatic Moulding Machine is widely used due to its easier operation. It can produce products like vegetable boxes,fruitful boxes,fishing boxes,house hold appliance packaging,etc.

Deliver,Shipping And Serving

FAQ

1. Where is your factory located?

We have 2 production plant, one plant locates in Hangzhou which professionally producing EPS/EPP/ETPU machine. Another factory locates in Jiangsu Provide which producing EPS/EPP/ETPU mould. Both two factories are pretty close to the Shanghai port for easiest transportation.

2. Do you have detailed and professional installation manual?

We will provide very detailed installation manuals and videos, and the service until you are satisfied

3. Are you a trading company or a manufacturer?

We are manufacturer.

4. Q: How long is your delivery time?

Normally delivery time is 30~45 days.

5. Q: How many years have your company made this kind of equipment?

More than 10 years.

6. Q: Can I only buy some spare parts from you?

Yes, we also provide all kinds of spare parts that relatives to our machine.

7. How do you pack the equipment Polystyrene Automatic Moulding Machine?

We will strengthen and protect the equipment to ensure that they will not be damaged during transportation.

8. Q: Can you send your staff to install the equipment for us?

Under normal conditions, it is possible. Now it is an epidemic situation. We will try our best to assist in case we cannot send technician in time. We will also conduct video connections with guests to teach them to install them in place.

9.Q:Can you can design the equipment Polystyrene Automatic Moulding Machine according to our size?

Yes, it is acceptable

10.Q:How many production lines in your factory?

We have total 10 production line.
