

## Polystyrene Block Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of the leading EPS Machine manufacturers in China, we are providing Pinsheng® Polystyrene Block Moulding Machine to worldwide clients, our machines are loved by customers because of their accuracy and low energy consumption. If you are interested in Polystyrene Block Moulding Machine, we will be your best Choice! You can rest assured to buy Polystyrene Block Moulding Machine from

our factory and we will offer you the best after-sale service and timely delivery.

### Product Description

We emphasize growth and introduce new goods into the market every year for High Quality Cheap Price Polystyrene Block Moulding Machine, Our aim is "blazing new ground, Passing Value", in the future, we sincerely invite you to grow up with us and make a bright future together!

High Quality Cheap Price Polystyrene Block Moulding Machine, Our next goal is to exceed the expectations of every client by offering outstanding customer service, increased flexibility and greater value. All in all, without our customers we do not exist; without happy and fully satisfied customers, we fail. We have been looking for the wholesale, Drop ship. Please contact us if you are interesting our items. Hope to do business with you all. High quality and fast shipment!

Our Pinsheng® PSBM200-500V Polystyrene Block Moulding Machine is simple equipment designed safe, scientific, stable, energy-saving and full-automatic, the main engine and the accessories are made of high quality material, reliable performance and reasonable affordable price. The size of Polystyrene Block Moulding Machine is adjustable.

Model: PSBM200-500V

Brand: PINSHENG

### Product Parameter (Specification)

Our Pinsheng® Polystyrene Block Moulding Machine provides all machine process, including filling, expanding, sieving, de-lumping and conveying work automatically.

1. New Design	The Polystyrene Block Moulding Machine is all-new generation product, it adopts the new design, concept of European machine design.
2. High efficiency and less steam consumption	Our Polystyrene Block Moulding Machine uses low temperature with large diameter pipes to ensure quick heating system and vacuum cooling. The pressure sensor controls stable pressure automatically.

3.Safety	The Polystyrene Block Moulding Machine is equipped with safety devices,which can safely guarantee the normal operation of machine.
