

## Thermocol Block Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of the leading EPS Machine manufacturers in China, we are providing Pinsheng® Thermocol Block Moulding Machine to worldwide clients, our machines are loved by customers because of their accuracy and low energy consumption. If you are interested in Thermocol Block Moulding Machine, we will be your best Choice!

### Product Description

Each individual member from our significant effectiveness gross sales workforce values customers' demands and small business communication for Pinsheng® High quality low price Thermocol Block Moulding Machine , We hope we can have a friendly relationship with businessman from all over the world.

High quality low price Thermocol Block Moulding Machine , Now, with the development of internet, and the trend of internationalization, we've got decided to extend business to overseas market. With the propose of bringing more profits to oversea customers by providing directly abroad. So we have changed our mind, from home to abroad, hope to give our customers more profit, and looking forward to more chance to make business.

Our PSBM200-500V Thermocol Block Moulding Machine is simple equipment designed safe,scientific,stable,energy-saving and full-automatic ,the main engine and the accessories are made of high quality material,reliable performance and reasonable affordable price.The size of Thermocol Block Moulding Machine is adjustable.

Model:PSBM200-500V

Brand: PINSHENG

### Product Parameter (Specification)

Our Thermocol Block Moulding Machine provides all machine process,including filling,expanding,sieving, de-lumping and conveying work automatically.

1.New Desgin	The Thermocol Block Moulding Machine is all-new generation product,it adopts the new design,concept of European machine design.
2.High efficiency and less steam consumption	Our Thermocol Block Moulding Machine uses low temperature with large diameter pipes to ensure quick heating system and vacuum cooling.The pressure sensor controls stable pressure automatically.
3.Safety	The Thermocol Block Moulding Machine is equipped with safety devices,which can safely guarantee the normal operation of machine.

### Product Feature And Application

Pinsheng® Thermocol Block Moulding Machine is commonly used for producing polyfoam for packing medical,fruit,vetatables and electrical,insulation panels for building.With the good quality,it can be expand 40 times the volume of the original polystyrene beads.

### Deliver,Shipping And Serving
