

## Cloth Bag Flexible Duct

China manufacturer high quality flexible cloth bag flexible duct, flame retardant air duct. The cloth bag flexible duct can be used in ship repair, shipbuilding, engineering, tunneling, mining ventilation, pumping methane gas, the engine room, municipal pipeline project, basements, under-ground work dust and transporting fresh air, pumping car exhaust, ect.

### Product Description

#### Cloth bag flexible duct

China manufacturer high quality flexible cloth bag flexible duct flame retardant air duct.

#### Cloth bag flexible duct have as follow features:

1. Tear acid, corrosion resistance, waterproof, fire retardant, heat-resisting, cold tolerance.
2. Flexibility, any bending, free connection, light weight; easy to carry.
3. Environmental non-toxic, no smell, no dust, no fiber.
4. Lateral seamless duct, no leakage, wear-resistant, wind resistance, compressive strength.

#### product specification of the cloth bag flexible duct

Medium Material	pvc mesh cloth
Brand name	JUGE
color	custom
Version	bag
Product name	Cloth bag flexible duct

#### product feature and application of the cloth bag flexible duct

Application:

1. Ship repair, shipbuilding, engineering, tunneling, mining ventilation, pumping methane gas, the engine room, municipal pipeline project, basements, under-ground work dust and transporting fresh air, pumping car

exhaust;

2.airport boarding bridges air supply and exhaust air ventilation,fire smoke,and other harsh environments,in addition to dust collection purposes.

3.The products are exported to foreign markets annually,has been recognized by our customers.

### **product details of the cloth bag flexible duct**

Our factory produced the cloth bag flexible duct by advance equipment with strict quality.All product polishing surface then powder coated.It can effectively strengthen indoor ventilation.Easy to install and stamping corner code is more firm.

## FAQ ( Frequently Asked Questions )

Give us a chance,we will offer our best!

Q1: How to guarantee the quality of the product?

A1: We have our own QC team to control product's quality during producing.

Q2: How to pack exported goods ?

A2: Paper corner protected + PVC bag + strong carton box (Standard Export Packing).

Q3: How long for a full container 20/40ft be finished ?

A3: Usual 15-20 work days once revied advance payment.

Q4: What we need to quote the best price for you ?

A4: Just send us an inquiry, so easy!
