

Flange Corner

Flange corner also known as common flange air duct hook code, or common flange air duct hook code, is a corner code fitting made of galvanized steel for fixing and connecting in the production process of common flange air duct. It is in a 90 degree right angle shape, and there is an ellipse with a length of 8mm and a width of 10mm at the corner, which is used to connect the air duct through screws, It is a necessary accessory for the production of common plate flange air duct.

Product Description

Flange corner

China manufacturer high quality HVAC ventilation TDC TDF galvanized steel air duct flange corner.

product introduction of the flange corner

Flange corner also known as common flange air duct hook code, or common flange air duct hook code, is a corner code fitting made of galvanized steel for fixing and connecting in the production process of common flange air duct. It is in a 90 degree right angle shape, and there is an ellipse with a length of 8mm and a width of 10mm at the corner, which is used to connect the air duct through screws, It is a necessary accessory for the production of common plate flange air duct.

product specification of the flange corner

Material	Mild steel or stainless steel
Brand name	JUGE
Installation	Press fitting&screw inside&screw outside
Version	Square,rectangle,round or custom
Size	Thickness 2.0/2.3/2.5/3.0mm
Finish	Anodized or powered-coated
Color	White&black or custom

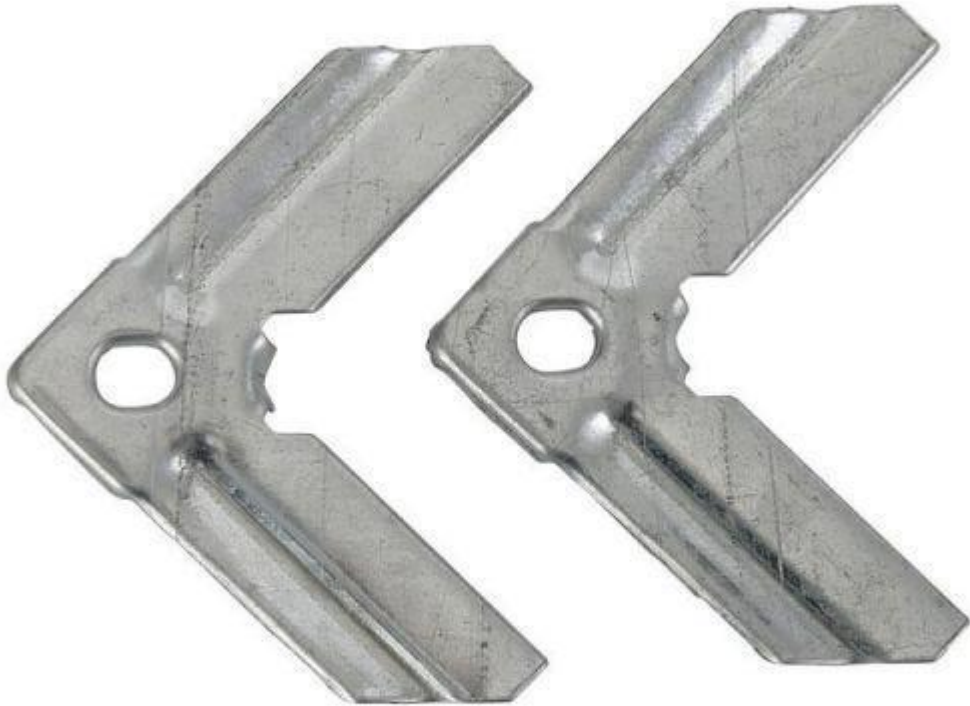

product feature and application of the flange corner

Flange corner has the following advantages and characteristics:

- 1) As a fitting at the interface of ventilation pipe, it is pressed with thick galvanized sheet, which can play a stabilizing role.
- 2) Strong surface oxidation resistance, wear resistance and corrosion.
- 3) Simple operation and convenient installation.

product details of the flange corner

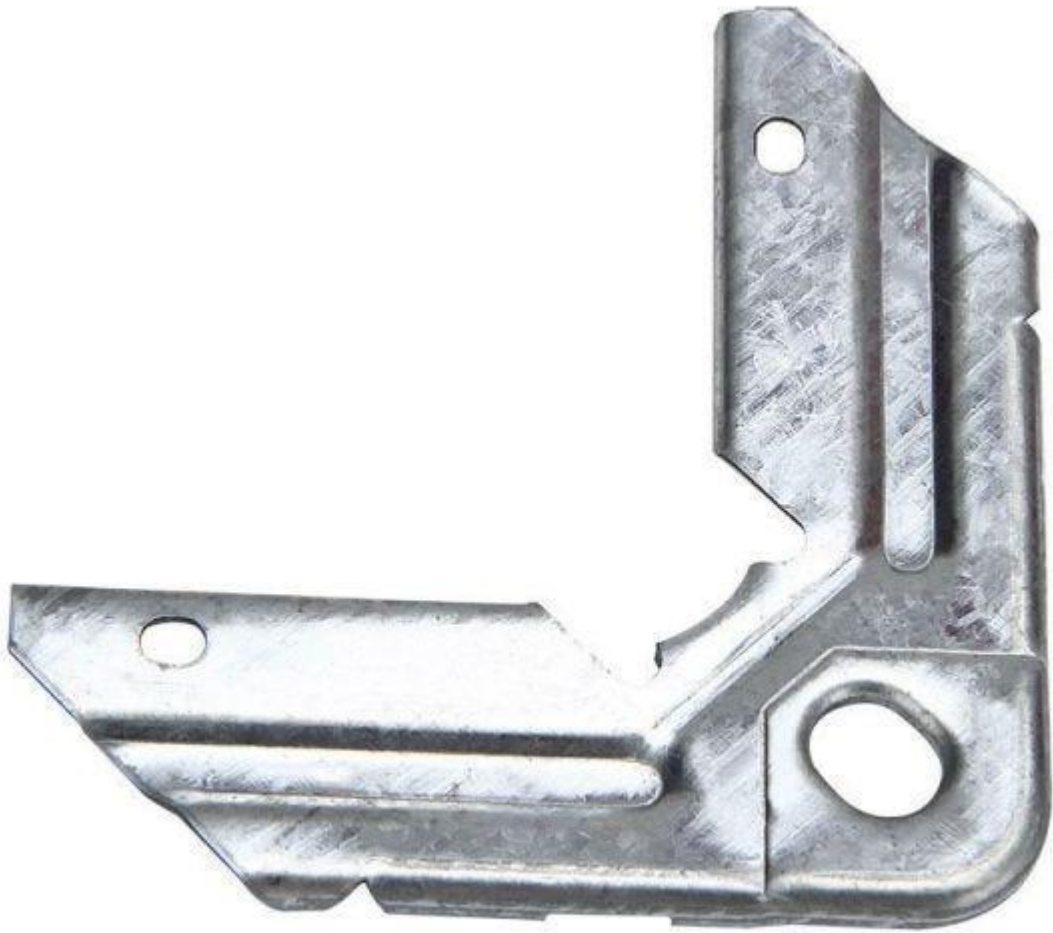

Our factory produced the flange corner by advance equipment with strict quality. All product polishing surface then powder coated. It can effectively strengthen indoor ventilation. Easy to install and stamping corner code is more firm.

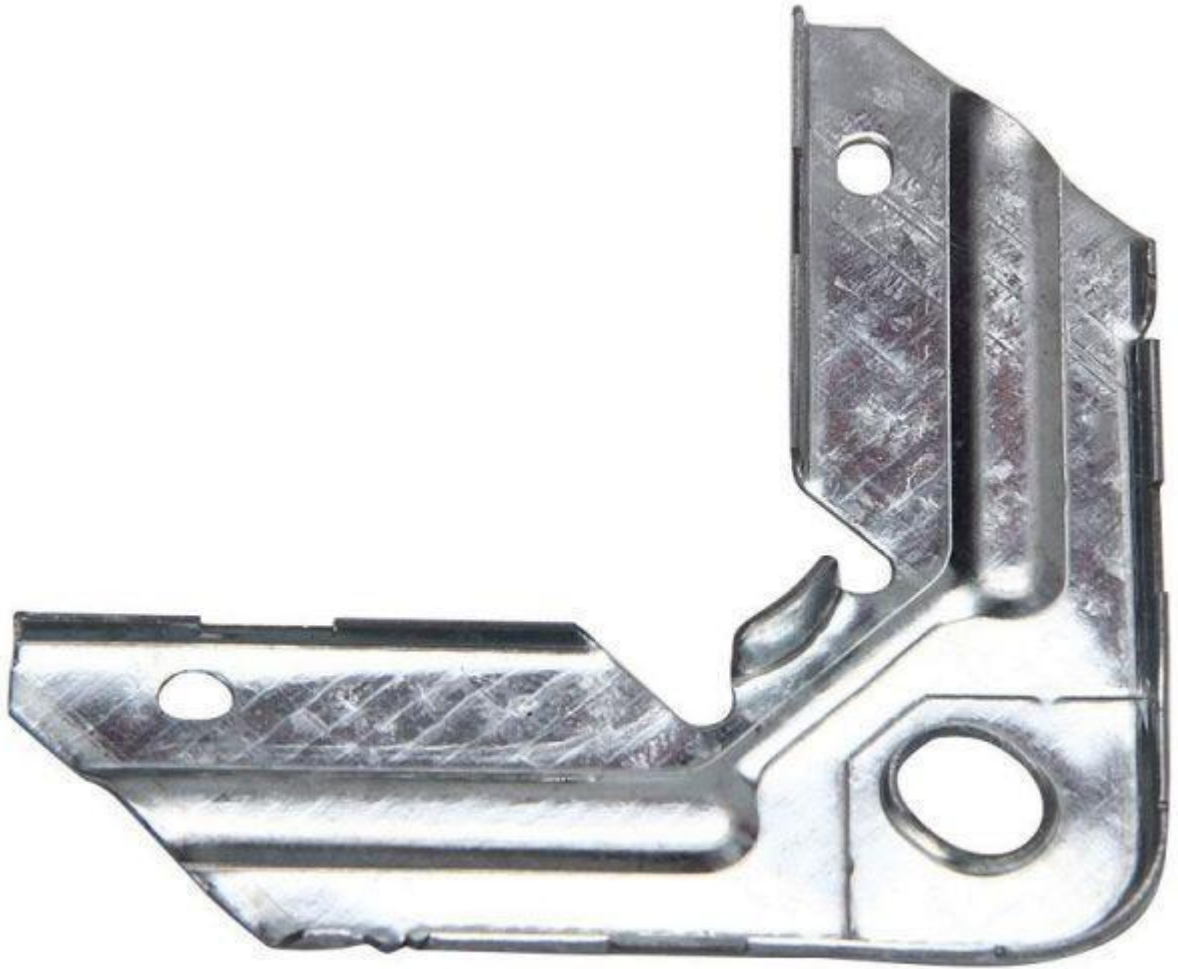

FAQ (Frequently Asked Questions)

Give us a chance,we will offer our best!

Q1: How to guarantee the quality of the product?

A1: We have our own QC team to control product's quality during producing.

Q2: How to pack exported goods ?

A2: Paper corner protected + PVC bag + strong carton box (Standard Export Packing).

Q3: How long for a full container 20/40ft be finished ?

A3: Usual 15-20 work days once revived advance payment.

Q4: What we need to quote the best price for you ?

Ningbo JUGE Electromechanical Equipment Co.,LTD

Phone:+86-13396633530

E-mail: nick@nbjuge.com

A4: Just send us an inquiry, so easy!

Q5: Can we get samples?

A5: Of course yes, we offer sample free!
