

## Saggy Air Diffuser

Saggy air diffuser can provide the oxygen needed by the personnel in the building to breath, Dilute indoor pollutants or odors, Remove the pollutants produced by indoor process engineering and supplement the amount of discharge air, remove excess heat from the building to reduce humidity etc. Saggy air diffuser usually use to different place like supermarket mall, residential quarters, kitchen, shower room, factory, fire control, office, hospital, hotel, air conditioner etc.

### Product Description

#### saggy air diffuser

China manufacturer HVAC White powder coating saggy air diffuser for HVAC

#### product introduction of the saggy air diffuser

Saggy air diffuser have many function for people. Saggy air diffuser can provide the oxygen needed by the personnel in the building to breath, Dilute indoor pollutants or odors, Remove the pollutants produced by indoor process engineering and supplement the amount of discharge air, remove excess heat from the building to reduce humidity etc. Saggy air diffuser usually use to different place like supermarket mall, residential quarters, kitchen, shower room, factory, fire control, office, hospital, hotel, air conditioner etc.

#### product specification of the saggy air diffuser

Material	Aluminum&metal&stainless&plastic
Brand name	JUGE
Installation	Press fitting&screw inside&screw outside
Version	Square,rectangle,round or custom
Size	Accept custom size
Finish	Anodized or powered-coated
Color	White&black or custom

feature	Close automatically for gravity
Application	External Wall

### **product feature and application of the saggy air diffuser**

Saggy air diffuser is used for expelling exhaust air from air-conditioning room in positive pressure. Under normal circumstances, the bladed sag naturally for gravity, cutting off the air exchanging between indoor and outdoor. The blades will blow open when indoor pressure is bigger than outdoor. Meanwhile, the grille can prevent air outdoor flow into the room even when the outdoor pressure is bigger than indoor.

### **product details of the saggy air diffuser**

Our factory produced the saggy air diffuser by advance equipment with strict quality. All product polishing surface then powder coated. It can effectively strengthen indoor ventilation. Easy to install and stamping corner code is more firm.

## FAQ (Frequently Asked Questions)

Give us a chance, we will offer our best!

Q1: How to guarantee the quality of the product?

A1: We have our own QC team to control product's quality during producing.

Q2: How to pack exported goods ?

A2: Paper corner protected + PVC bag + strong carton box (Standard Export Packing).

Q3: How long for a full container 20/40ft be finished ?

A3: Usual 15-20 work days once received advance payment.

Q4: What we need to quote the best price for you ?

A4: Just send us an inquiry, so easy!
