universal rear car bike carrier User-friendly tilt feature, providing quick and easy access to the rear of the vehicle.

Loading and unloading are extremely easy, installation is a matter of minutes.

Product Detail

Eatripway **universal rear car bike carrier**, platform bike rack is constructed with reinforced steel which makes it durable and powerful enough to carry 2 bikes weighing 60 lbs each. Besides, compare with roof rack, the hitch mount bike rack can save your cost of fuel up to 30% by reducing wind resistance.

ANTI-SCRATCH: The trailer hitch bike rack features foam-padded clamp and hitch tightener to prevent the bicycle from swaying and damaging your car's paintwork.

CONVENIENT DESIGN: Our bicycle car rack is versatile, the tilting function allows for access to the back of your vehicle even when loaded with bikes(NOT suitable for swing-out tailgate), the removable platform can be adjusted for 1 or 2 bikes carrying, the folding design also makes the rack to be folded up when not in use.

HIGH COMPATIBILITY: Fit 17-29 inch wheels, up to 63-1/3 inch wheelbase, up to 5 inch tires, 2 inch receiver, it is also equipped with safety strap, security hitch lock, hitch tightener and other necessary hardwares, please contact us if there are something missing, we will re-send it to you for free.

WARRANTY: 1-Year free-return gurantee for any product quality problems. WEIZE tow hitch bike rack aims for quality followed up with quality customer service directly provided by manufacturer. A satisfied solution will be given for ANY of your problems. Our support team is on standby for
