

## Direct Factory Price Overhead Porcelain Line Post Insulator

Model:C4-550

as a professional high quality Direct Factory Price Overhead Porcelain Line Post Insulator manufacturer, you can rest assured to buy Direct Factory Price Overhead Porcelain Line Post Insulator from our factory and we will offer you the best after-sale service and timely delivery. The porcelain insulators are used on substation & transmission Line. It helps to support and hand wire, insulation wires against tower.

### Product Introduction

Hot Selling Low Price Direct Factory Price Overhead Porcelain Line Post Insulator. Jecsany is a Direct Factory Price Overhead Porcelain Line Post Insulator manufacturer and supplier in China. C4-550 Porcelain insulators are insulators made of electrical ceramics. Electrical ceramics are baked from quartz, feldspar and clay. The surface of the porcelain piece of the porcelain insulator is usually covered with enamel to improve its mechanical strength, waterproof and infiltrate, and increase the surface smoothness. Among all kinds of insulators, porcelain insulators are the most commonly used.

### Product Parameter (Specification)

Color	Brown
Creepage distance	3906mm
Failing loads	Cantilever strength 4kn Torsion strength 3kn.m
Power frequency withstand wet	230KV
Impulse withstand voltage	550KV
Tested to	IEC 060273

### Product Feature And Application

Our advantages:

Products are produced by ourselves, which ensures good profit margin and flexibility.  
Our products have passed Design Test and Quality Conformance Tests on ANSI Class, and meet standards such as IEC.

We have large market share home and abroad.

Exclusive and unique solution can be provided to our customers by our well-trained and professional engineers and staffs.
