

304 Seamless Rectangular Tube

Zhejiang Bewell Steel Industry Co., Ltd. specializes in the production of Bewell®

304 seamless rectangular tube, stainless steel square pipes, rectangular pipes,

rectangular pipes, the company has 600x600 large section square pipes,

cold-formed steel unit roll bending, roll extrusion forming production lines, bending,

straightening, cutting and polishing equipment, annual production capacity of

50,000-80,000 tons. Shandong Yitong Metal specializes in the production of square

pipes, rectangular pipes, rectangular pipes, mainly producing square pipes

15×15-600*600mm , rectangular pipes 10×20-600*800, wall thickness range:

0.5-25mm. the company relies on integrity to build the brand, to "science and

technology as the source, customer-oriented, cooperation first, win-win-oriented"

Ltd. as the business philosophy, strict enterprise management, strengthen product

quality, first-class equipment for customers to produce first-class products, a unique

advantage.

Product Description

Bewell® 304 Seamless Rectangular Tube,As the name suggests, it is a square-shaped tube, many kinds of material can be formed into a square tube body, it media, what for, used in what place, most of the square tube to the majority of steel pipe, after unpacking, flattening, curling, welding to form a round tube, and then from the round tube rolled into a square tube and then cut into the required length.

Parameter(Specification) of the Bewell® 304 Seamless Rectangular Tube

item	value
Place of Origin	China
	zhejiang
Application	Fluid Pipe, Boiler Pipe, Drill Pipe, Hydraulic Pipe, Gas Pipe, OIL PIPE, Chemical Fertilizer Pipe, Structure Pipe, Other
Alloy Or Not	Non-Alloy
Section Shape	Square
Special Pipe	API Pipe, Other, EMT Pipe, Thick Wall Pipe
Thickness	0.8 - 30 mm
Standard	ASTM

Length	12M, 6m, 6.4M
Certificate	ce, Bsi, BIS, JIS, GS, ISO9001
Grade	Q195/Q215/Q235/Q345, GR.A/B, S235/S355
Surface Treatment	Pre-galvanized/hot dipped galvanized/Bare/oil
Tolerance	±15%, ±5%, ±1%, ±20%, ±10%
Processing Service	Welding, Punching, Cutting, Bending, Decoiling
Oiled or Non-oiled	Non-oiled
Invoicing	by theoretical weight
Delivery Time	7-14
Product name	Square Steel Pipe
Keyword	Galvanized Steel Pipe
Surface	Black Painted
Material	Q235
Shape	square-shaped tube
Usage	Oil Gas Sewage Transport
Packing	STANDARD PACKING
MOQ	1 Ton
Technology	ERW Hot Rolled

Feature and application of the Bewell® 304 Seamless Rectangular Tube

Features:

Robust

Durable

(3) High temperature resistant

(4) Factory direct sales

Application scenarios:

PRODUCT APPLICATION

Furniture

Civil use

Doors

Machinery

Building

Details of the Bewell® 304 Seamless Rectangular Tube

01

Quality assurance

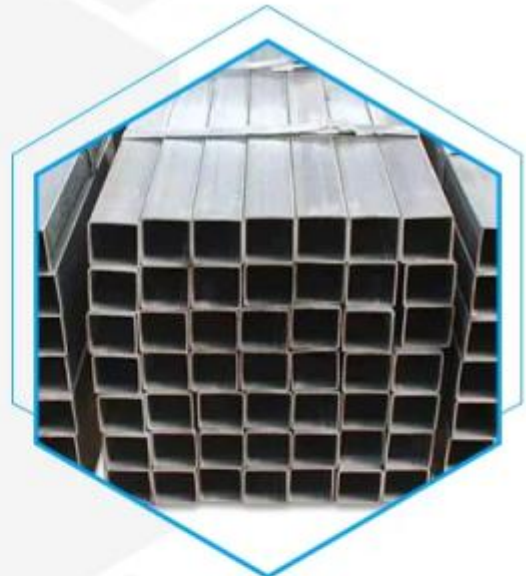

The material has good bearing capacity, firmness and deformation resistance, high cost performance and guaranteed quality.

02

Mature process

It is made by special technology, mature technology and high quality raw materials, so the product is firm and reliable.

03

Sufficient inventory
