

316 Seamless Rectangular Tube

Zhejiang Bewell Steel Industry Co., Ltd. is a leading enterprise in the square tube industry, specializing in supplying all kinds of Bewell® 316 seamless rectangular tube, stainless steel square tubes, rectangular tubes, is one of the more complete enterprises in the square tube industry, the product is widely used in light steel structure wall and roof, curtain wall, light steel wood line strip, automobile manufacturing, shipbuilding, logistics shelves, construction industry. All staffs are committed to meet the needs of the market with the spirit of conscientiousness, excellence and unity, and welcome customers to discuss business!

Product Description

Bewell® 316 Seamless Rectangular Tube, As the name suggests, it is a square-shaped tube, many kinds of material can be formed into a square tube body, it media, what for, used in what place, most of the square tube to the majority of steel pipe, after unpacking, flattening, curling, welding to form a round tube, and then from the round tube rolled into a square tube and then cut into the required length.

Parameter(Specification) of the Bewell® 316 Seamless Rectangular Tube

Material	304,304L,309S,310S,316,316Ti,317,317L,321,347,347H,304N,316L, 316N,201,202 etc	
Surface	Polishing,annealing,pickling,bright	
Type	hot rolled and cold rolled	
316 Seamless Rectangular Tube		
Size	Wall thickness	1mm-150mm
	Outer diameter	6mm-2500mm
stainless steel square pipe/tube		
Size	Wall thickness	1mm-150mm
	Outer diameter	4mm*4mm-800mm*800mm
stainless steel rectangular pipe/tube

Size	Wall thickness	1mm-150mm
	Outer diameter	6mm-2500mm
	Length	4000mm,5800mm,6000mm,12000mm,or as required.
Trade terms	Price terms	FOB,CIF,CFR,CNF,Ex-work
	Payment terms	30% TT for deposit,70% TT /70% LC at sight balance before shipment
Delivery time	Prompt delivery or as the order quantity.	
Package	Standard export seaworthy package,or as required.	
Application	Widely used in petroleum,foodstuff,chemical industry,construction, electric power,nuclear,energy,machinery,biotechnology,paper making,shipbuilding,boiler fields. Pipes also can be made according to the customer's required.	

Feature and application of the Bewell® 316 Seamless Rectangular Tube

Features:

Robust

Durable

(3) Complete specifications

(4) Anti corrosion

PRODUCT ADVANTAGES

Resistant to Wear and Crack

- ✓ Wear protection;
- ✓ Excellent chemical resistance;
- ✓ Good alkali-resistant metal and acid energy

Advanced Technology

- ✓ Advanced production technology;
- ✓ Advanced production equipment;
- ✓ Perfect production process;

Test for Stainless Steel Pipe

- ✓ Thickness Test;
- ✓ Diameter Test;
- ✓ All products have to pass strict inspection before they ship out.

Optimal price

- ✓ We are the manufacturer;
- ✓ Large warehouse;
- ✓ Perfect after-sales system.
