

316 Welded Rectangular Tube

Zhejiang Bewell Steel Industry Co., Ltd. is a professional manufacturer of Bewell® 316 welded rectangular tube, stainless steel square pipes, rectangular pipes and tubes in China. The company has several production lines with an annual production capacity of 50-80,000 tons. The company has a perfect enterprise quality with excellent quality and perfect service, which is trusted by customers at home and abroad.

Product Description

Bewell® 316 Welded Rectangular Tube is a hollow square steel square tube, also known as hollow cold-formed steel. Square section shape and size of the section steel. In addition to the thickened wall thickness, the corner dimensions and edge straightness of thick-walled square tubes meet or exceed those of weld-stopped cold-formed square tubes. r-angle dimensions are generally between 2 - 3 times the wall thickness, and r-angle square tubes of the size required by the customer can also be produced to suit the customer's needs.

Parameter(Specification) of the Bewell® 316 Welded Rectangular Tube

Product Name	316 Welded Rectangular Tube
Technology	Hot Rolled Industrial Stainless Steel Tube Cold Rolled Decorative Stainless Steel Pipe
Material	201, 202, 301, 302, 304, 304L, 310S, 316, 316L, 321, 430, 430A, 309S, 2205, 2507, 2520, 430, 410, 440, 904Lect, Or Customized
Length	1-12 m
Size	10×10-100×100 mm
Standard	ASTM, JIS, GB, AISI, DIN, BS, EN
Certifications	ISO 9001 BV SGS
Packing	Industry standard packaging or according to client's requirement

Brand	TISCO,ZPSS,Baosteel,POSCO,LISCO,YUSCO,Ansteel, QPSS,JISCO,HXSCO, Chengde,Yongjin,Tsingshan,Shouyang,HW
Payment terms	30%T/T in advance, the balance against the B/L copy
Delivery time	Fast delievery in 7 days,up to order quantity
Warehose Stcok	5000 tons per month
Note	We can produce other sizes as the customers' requirement.

Feature and application of the Bewell® 316 Welded Rectangular Tube

Features:

Selected raw materials

Waterproof

(3) Fully stocked

(4) No rusting
