

## S32760 Stainless Steel Welded Pipe

Zhejiang Bewell Steel Industry Ltd. is a high quality Bewell® s32760 stainless steel welded pipe and super duplex stainless steel welded pipe from China. As it is our policy to inspect 100% of all products leaving our factory, we can guarantee with absolute certainty that the products are 100% accurate in terms of functionality before they leave our factory. And the quality of tubes from Zhejiang Bewell Steel Co., Ltd. is one of the best under our strict control.

## Product Description

Bewell® Duplex stainless steel due to austenite + ferrite duplex organization, and the content of the two phases of the organization is basically equivalent, so both austenitic stainless steel and ferritic stainless steel characteristics. Yield strength up to 400Mpa ~ 550MPa, is the ordinary austenitic stainless steel 2 times. Compared with ferritic stainless steel, duplex stainless steel, high toughness, low brittle transition temperature, intergranular corrosion resistance and welding performance are significantly improved.

### Parameter(Specification) of the Bewell® S32760 Stainless Steel Welded Pipe

Name	Welded Steel Pipes
Size	Outer diameter :6 mm - 630mm Thickness : 1- 40mm Length : 2000/2440/3000/5800/6000mm etc
Ordinary Dimension	DN6 /DN8/DN15/DN25/DN32/DN40/DN50/DN80/DN100/DN200/DN500 etc
Material Series	201 / 202 / 304 /310/310S/316/316L/409/409L/410/410S /420/430 etc
Technique	Pre-galvanized / Hot-dipped galvanized / Hang-planting galvanization
Steel Grade	Q195, Q235A-B, Q345A-E, 20#, 10#,16Mn, ASTM A36,ASTM A500, ASTM A53, ASTM 106, SS400, St37, St52, S235JR, S355TRH ect.
Standard	GB/T 3091-2001,GB/T13912-2002, BS 1387, ASTM F1083 ect.

Pipe Ends	Plain, beveled, threaded, socket with holes, with PVC clap/ coupling/ clamp, or as customers' requirement
Package	in bundle, no other package or wrapped with waterproof, or as customers' requirement
Lead Time	10days from stock 15-20days produced according to the qty
Remarks	1.All the pipes are high-frequency welded. 2. OEM is welcome base on the MOQ amount . 3.Special design available according to requirement. 4.Pipe can be necked down and punched holes. 5.Supplying BV or SGS Inspection if client need.

### **Feature and application of the Bewell® S32760 Stainless Steel Welded Pipe**

#### **Features:**

High quality materials  
Incision smoothing  
Complete specifications  
Anti corrosion

#### **Application scenarios:**

**Details of the Bewell® S32760 Stainless Steel Welded Pipe**

## FAQ

Q: What are your company's main products ?

A: Our main products are stainless steel plate/sheet, coil, round/square pipe, bar, nickel alloys, etc.

Q: How do you control quality ?

A: Mill Test Certification is supplied with shipment, Third Party Inspection is available. and we also get ISO,SGS,Alibaba Verified.

Q: What are the advantages of your company ?

A: We have many professionals, technical personnel, more competitive prices and best after-sales service than other stainless steel companies.

E-mail:bwss@vip.163.com

Q: How many countries you already exported ?

A: Exported to more than 50 countries mainly from America, Russia, UK, Kuwait, Egypt, Turkey, Jordan, India, etc.

Q

: Can you provide sample ?

A: Yes. We can provide the small samples in stock for free, as long as you contact us. Customized samples will take about 5-7 days.

Q: How long is your delivery time?

A: The products will be delivered ASAP on the basis of the quality assurance.

Generally, samples order's delivery time is

6-10 days. Container orders are about 15-20 days.
