

### WNRF Stainless Steel Flange

Zhejiang Bewell Steel Co., Ltd. is a professional manufacturer of Bewell® WNRF stainless steel flange in China and is a trusted manufacturer of fittings with our own R&D and production base, a trusted company in the fittings industry.

### Product Description

Flange for short, just a generic term, usually refers to a disk-like metal body with a few fixed holes around the perimeter for connecting other things. Bewell® WNRF stainless steel flange refers to the production of materials for stainless steel, stainless steel is usually divided into 304, 304L, 316, 321, 316L and several other categories.

This Bewell® WNRF stainless steel flange, WN represents butt welding flange, RF represents the flange sealing surface type for the convex surface.

#### Parameter(Specification) of the Bewell® WNRF Stainless Steel Flange

Product Name	WNRF WNRF stainless steel flange
OD	15mm-6000mm
Pressure	150#-2500#, PN0.6-PN400, 5K-40K, API 2000-15000
Standard	ANSI B16.5, EN1092-1, SABA1123, JIS B2220, DIN, GOST, UNI, AS2129, API 6A, etc.
Wall thickness	SCH5S, SCH10S, SCH10, SCH40S, STD, XS, XXS, SCH20, SCH30, SCH40, SCH60, SCH80, SCH160, XXS and etc.
Material	Stainless steel: A182F304/304L, A182 F316/316L, A182F321, A182F310S, A182F347H, A182F316Ti, A403 WP317, 904L, 1.4301, 1.4307, 1.4401, 1.4571, 1.4541, 254Mo and etc. Carbon steel: A105, A350LF2, Q235, St37, St45.8, A42CP, E24, A515 Gr60, A515 Gr 70
	Duplex stainless steel: UNS31803, SAF2205, UNS32205, UNS31500, UNS32750, UNS32760, 1.4462, 1.4410, 1.4501 and etc.

	Pipeline steel: A694 F42, A694F52, A694 F60, A694 F65, A694 F70, A694 F80 etc. Nickel alloy: inconel600, inconel625, inconel690, incoloy800, incoly 825, incoly 800H, C22, C-276, Monel400, Alloy20 etc. Cr-Mo alloy: A182F11, A182F5, A182F22, A182F91, A182F9, 16mo3 etc.
Application	Petrochemical industry; aviation and aerospace industry; pharmaceutical industry; gas exhaust; power plant; ship building; water treatment, etc.
Advantages	ready stock, faster delivery time; available in all sizes, customized; high quality

### Feature and application of the Bewell® WNRFWNRF stainless steel flange

#### Features:

- ready stock
- faster delivery time
- available in all sizes, customized
- high quality

#### Application scenarios:

Petrochemical industry; aviation and aerospace industry; pharmaceutical industry; gas exhaust; power plant; ship building; water treatment, etc.

—TIANYI SUNS PIPE&FITTINGS CO.,LTD.—

## Application Fields

1. Petrochemical Industry
2. Pharmaceutical Industry
3. Chemistry Industry
4. Food Industry
5. Aviation and Aerospace Industry
6. Paper Making Industry
7. Architectural Decoration Industry

## FAQ

Q. Do you accept OEM service?

A: Yes, we do.

Q. Can I get free samples?

A: Yes, And you only need to bear the delivery costs, if the samples are not too big.

Q. Can I have my own Logo on the product?

A: Yes, we're the professional manufacturer, so the OEM service is available.

Q.What information should I let you know if I want to get a quotation?

A: Size, design standard, material, package, Quantities, etc... Please send us some pictures and designs for checking if possible so we can do best as your request. Otherwise, we will recommend relevant products with details for your reference.

Q: What is your terms of delivery?

A: We accept EXW,FOB,CIF,etc. You can choose the one which is the most convenient for you.

Q: What's the package and how do you ship the goods?

A: Usually is wood pallet as your request. We usually ship by sea. Airline shipping is also optional.
